HAMBURG SEAPORT DAMAGED IN AIR ATTACK

NUMEROUS RAF RAIDS REPORTED

Virtual Destruction of the German Dock by British Bombers is Claimed in Authoritative Sources While Berlin Counters With Reports of New Devitalizing Blows Against Enemy Merchant Fleet in Channel Waters

ENGLAND IS SHOWERED WITH NAZI LEAFLETS

By The Associated Press
Virtual destruction of the great German seaport of Hamburg by Royal Air Force bombers was claimed by an authoritative British source today, while Germany countered with the statement that its own raiders had struck new devitalizing blows against Britain's merchant fleet.

The British source, summing up the work of the RAF in the past three months, said Hamburg was only one of the military objectives attacked in nightly raids. Thousands of bombs have been rained on the port of Bremen with its shipbuilding yards, docks and aircraft factory, the same source said, and added that more than 100 German cities and towns where military objectives are situated had been attacked.

Official Germany has said little about the RAF raids, carried on day and night, beyond insisting that they were against non-military points.

Today's Nazi claim was that the air force had sunk a large merchantman, a tanker and a mine patrol boat yesterday, and that a submarine, returning to its base, had reported sinking 72,000 tons of shipping in an unspecified space of time.

The German air force continued its attacks on the British Isles, dropping bombs on Scotland and Wales and varying the daily routine in England by dropping Hitler "peace or destruction" pamphlets.

In the Mediterranean area the RAF claimed destruction of a large ammunition dump near Bardia, Libya, and other less spectacular raids on African posts held by the Italians.

Italy reported her air force had attacked a British naval squadron south of Formentera, in the Balearic Islands, and said a battleship had been set on fire and several other warships had been hit.

Pittsburgh, Aug. 2.—(P)—Shortly after being named Republican campaign manager of Allegheny county yesterday, Attorney John B. Conly resigned from his \$5,000-a-year job as State Unemployment Compensation referee in compliance with the Hatch act.

Turnpike Dedication
Details Announced
Pittsburgh, Aug. 2.—(P)—Two caravans starting from Pittsburgh and Harrisburg will meet at Midway on Labor Day for formal dedication of the \$70,000,000 Pennsylvania Turnpike, according to plans presented to the Chamber of Commerce today.

General Chairman Frank L. Duggan of the dedication committee suggested that all key cities along the route fall into the line of parade with floats or decorated cars.

The caravans are to be headed by mobile units of the Pennsylvania National Guard, State Motor Police and city and county police. A speed of 40 miles an hour would be maintained.

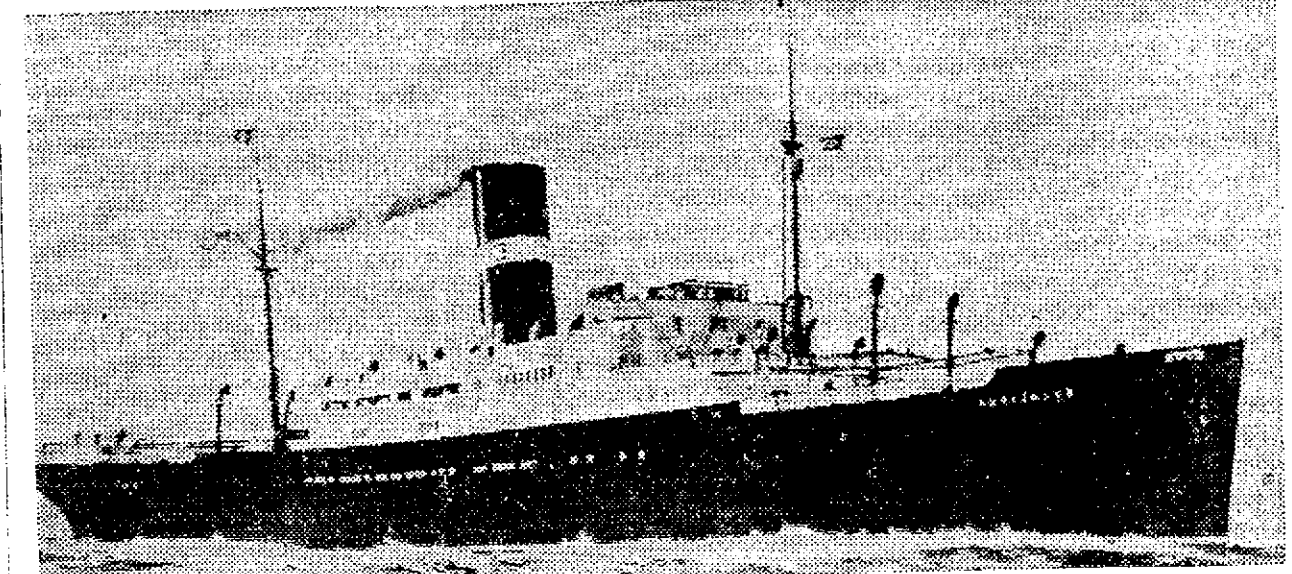

Child Bitten by Snake in Rural Religious Ceremony to Receive Immediate Attention
Adel, Ga., Aug. 2.—(P)—A snakebitten child, missing for three days and feared dying, has been returned to an uncle and will receive immediate medical attention, Sheriff W. J. Daughtry said today.

Daughtry said he learned this morning that six-year-old Leitha Ann Rowan was brought to the farm home of an uncle, Lawton Rowan, near here, last night and was being brought into the sheriff's office for examination and treatment.

The girl was bitten by a three-foot copperhead at rural religious rites last week and, the sheriff

FOREIGN AGENTS AT CANAL ZONE TO BE DEPORTED

Washington, Aug. 2.—(P)—The War Department today labeled as erroneous an announcement by Secretary Stimson yesterday that 81 "foreign agents" had been detained in the Canal Zone.

Eighty-one aliens have been detained "for deportation or other disposition" the department said, but it was admitted that the army did not know whether any of them were foreign agents. Perhaps 60 or more of the 81 were reported from Panama to be of German origin.

Officials of the Republic of Panama said the aliens were known generally as "refugees."

Washington, Aug. 2.—(P)—Eighty-one persons described by Secretary Stimson as "foreign agents" awaited deportation from the Panama Canal Zone today after a cleanup of aliens in the vital defense areas.

The secretary of war announced the detention of the 81 yesterday when he disclosed that all aliens, other than Panamanians, had been discharged from United States government or military positions in the Canal Zone.

Only American soldiers or American engineers, he added, are employed there.

SMATHERS IS UNABLE TO COMMAND BRIGADE
Harrisburg, Aug. 2.—(P)—Illness will prevent Brigadier General C. Elmer Smathers, veteran Pennsylvania National Guard officer, from commanding the 56th Infantry brigade at the First Army maneuvers in New York.

General Smathers, who is superintendent of the Scotland Soldiers Orphans Home, has been granted a leave of absence during the three-week field training, beginning next week.

Major General Edward Martin, commander of the Guard, appointed Col. Frank Warner, of Philadelphia, commander of the 11th Infantry, to take charge of the 56th Brigade. Lieut. Col. Fred K. Kelly, of Pottstown, will be acting commander of the 11th Infantry.

The other regiment in the brigade is the 112th Infantry from northwestern Pennsylvania.

REASON TO BE MAD
Pittsburgh, Aug. 2.—(P)—John F. Schanz is mad today, not only because a hit-run motorist bumped his car. When Schanz overlooked the fleeing car, the motorist got out, socked the bespectacled Schanz in the eye, and drove off again. While surgeons removed bits of glass from Schanz' eye, police took up the search for the hit-run car.

Schanz was spirited away from her home by her mother, Mrs. Albert Rowan, early this week to avoid medical treatment.

He said Mrs. Rowan turned her daughter over to Lawton Rowan a few hours after Superior Judge W. R. Smith had ruled that murder charges would be filed against the jailed father and preacher-farmer W. T. Lipham unless the child was returned and submitted to treatment.

Mrs. Fanny Rowan, grandmother of Leitha Ann, said the little girl had recovered "and is walking around" but Daughtry was unable to verify this.

British Warships Are Believed Following Duke and Duchess

Lisbon, Portugal, Aug. 2.—(P)—The Duke and Duchess of Windsor were en route to the Bahamas by way of New York today, possibly under long-range protection of British warships guarding against any attempted German or Italian naval attack.

This is what "Mr. and Mrs. Windsor," as they appeared on the passenger list, took with them when the American export liner Excalibur sailed late yesterday afternoon: Three dogs, 52 pieces of luggage, an old portable sewing machine, a set of golf clubs, four basket-boxes of old Madeira and port wine, one 1940-model limousine and trailer.

The Windsors have a verandah suite with a private deck designed for use as a gun turret in case American entry into war should convert the Excalibur into an armed auxiliary cruiser.

Occupying cabins off the verandah, which will serve as a private dining room, were the five other members of the party—Capt. George Wood, the Duke's aide de camp, and Mrs. Wood, Detective Fletcher of Scotland Yard, and the Duchess' two maids.

Among the other passengers were William Phillips, U. S. ambassador to Rome, and his daughter; Anthony J. Drexel Biddle, Jr., ambassador to Poland; George Gordon, minister to the Netherlands; and Capt. John A. Gade, ret. embassy naval attaché, and naval attaché for air at Brussels, John Cudahy, ambassador to Belgium, made a last-minute change in plans and did not sail.

POLICE LOCATE GET-AWAY CAR IN BANK HOLDUP
Bound Brook, N. J., Aug. 2.—(P)—Fingerprints discovered on an abandoned car were being checked by state police today in an effort to identify bandits who robbed an Asbury Park bank messenger of \$108,000 Tuesday and held up the Riegelsville (Pa.) National Bank June 27.

John J. Quinn, Monmouth county prosecutor, announced at Red Bank that one man was under arrest in connection with the holdup. He declined to disclose the man's name or his possible role in the daylight robbery.

The man was arrested early yesterday, Quinn said, several hours before the car was found in Bound Brook.

Initiated money bags found in the car, police said, established it as the get-away machine of the Asbury Park robbers. Lieutenant George Willis of the state police asserted the same automobile had

TIGHTROPE WALKER IS FATALITY HURT IN FALL
Cumberland, Md., Aug. 2.—(P)—A 50-foot fall during a tightrope performance watched by 2,000 spectators proved fatal early today to Mrs. Edith Dobbell, 37, of Danville, Ill.

She died in a hospital two hours after a slip caused her to lose her balance and sent her crashing to the floor. Her husband, Fred Dobbell, saw her fall. He said she gave her first performance here eight years ago. She was a member of the Four Dobbells' act. A six-year-old daughter also travels with the show.

PENNA GUARD READY TO START MOCK WARFARE

Harrisburg, Aug. 2.—(P)—Thousands of Pennsylvania National Guardsmen packed duffel bags today for truck and train travel to New York state where the First Army of the United States is preparing three weeks' mock warfare.

The Guard's executive staff, co-operating with police and traffic officers, laid down an exact schedule for each unit of the 14,000-man corps to follow in reaching the scene of the maneuvers.

Advance detachments started out at dawn today from Scranton, Bloomsburg, Altoona, Harrisburg, Columbia, Ridgway, Philadelphia, Pittsburgh, Coraopolis and Scottsdale.

Train schedules have been fixed to carry the bulk of the troops Sunday so that the men can be in the vicinity of Lisbon and Canton, N. Y., a few miles south of the St. Lawrence river, for Monday morning reveille.

Pennsylvania's 28th Division will train at Lisbon, and its portion of the 22nd Cavalry division at Canton.

Some truck units have been instructed to wait until Sunday before leaving their headquarters.

M'KELLAR WINNER IN TENNESSEE ELECTION
Nashville, Tenn., Aug. 2.—(P)—A landslide Democratic primary victory headed the veteran K. D. McKellar today towards a fifth consecutive term in the United States senate.

Backed by the powerful Memphis organization of National Committeemen E. R. Crump, McKellar and Governor Prentice Cooper won by topheavy majorities in yesterday's party voting. Cooper is seeking his second two-year tenure as governor.

Democratic nomination usually leads to victory in the November general elections as far as major state-wide Tennessee offices are concerned.

Tennessee's seven Democratic congressmen also were nominated, four without opposition.

ROOSEVELT SON SAILS AS ENSIGN
Newport, R. I., Aug. 2.—(P)—Franklin Delano Roosevelt, Jr., second son of the president, boarded the U. S. S. destroyer Lawrence at Newport today where, for the next two weeks, he will undergo training as an ensign in the Naval Reserve.

The Lawrence, which is one of a group of neutrality patrol destroyers based at Newport, sailed shortly after noon.

Spick and span in his dark blue uniform into which he had changed at the home of Beverly Bogart in Newport, Ensign Roosevelt arrived at the government landing in his own car.

The captain's gig of the Lawrence had arrived at the landing earlier with orders "to wait for an officer who was reporting for duty aboard the Lawrence."

Marine guards at the landing said they did not know who the officer was and the president's son drove up unheralded and unannounced.

DEMOCRATS PLAN FOR FINANCIAL CAMPAIGN
Harrisburg, Aug. 2.—(P)—To Henry W. Brockerhoff, of Centre county, has fallen the task of raising the money for financing the Democrats' fall election campaign in Pennsylvania.

State Chairman Meredith Myers announced, after a meeting yesterday, assignment of the task to the treasurer of the state committee.

Resident Secretary Walter L. Miller was designated chairman of the committee that will arrange for campaign speakers.

Myers also announced the Democratic state executive committee will meet here August 14, with a meeting of the campaign committee the following day.

ADEQUATE DEFENSE REQUISITE

Specifically Permitting Direct Quotation, Chief Executive in Discussing Selective Service Training Bill at Press Conference Declares He Is Distinctly in Favor of the Measure Now Before Congress

ONE-YEAR ENLISTMENT PLAN IS CONSIDERED

Washington, Aug. 2.—(P)—Shortly after President Roosevelt declared that a system of selective training was "essential to adequate national defense," the Senate military committee rejected today a proposal to limit compulsory service at this time to 900,000 men.

Washington, Aug. 2.—(P)—President Roosevelt said today he was "distinctly in favor of a selective service training bill and I consider it essential to adequate national defense."

Specifically permitting direct quotation, the president made the statement at a press conference after a reporter asked for his opinion. The reporter said a report was going around that the chief executive was "not so hot about conscription."

The president replied that it all depended on which paper you read. He then entered upon a lengthy review of the conscription question.

He also announced that he and Democratic tax leaders in congress were agreed that an excess profits tax should be enacted without delay.

All manufacturers working on defense orders know that such legislation was going to be passed, he said, and were proceeding to assemble materials even though contracts have not yet been signed.

The president said that Chairman Harrison (D-Miss.) of the Senate finance committee hoped to

PARTY LINES TO BE CAST ASIDE WILLKIE SAYS
BY WILLIAM B. ARDERY
Colorado Springs, Colo., Aug. 2.—(P)—Wendell L. Willkie thinks the coming election will be decided on issues rather than party lines.

Willkie made that clear yesterday in a joint press conference with William Allen White, the Emporia, Kas., editor.

Quoted by reporters, Willkie said he believed "fully half the voters are independent—they cross party lines very easily."

"There used to be pride among many people about their party partisanship," Willkie continued. "Now they are proud of their independence."

White expressed a similar view, telling reporters that independent voters would aid Willkie in the November election.

BALTIC STATES UNION TAKEN UP
Moscow, Aug. 2.—(P)—The Supreme Soviet (Parliament) turned today to formal union with Russia of the Baltic states and territory ceded by Rumania which Premier-Foreign Minister Molotov said would give the Soviet Union the "powerful voice" of more than 100,000,000 people.

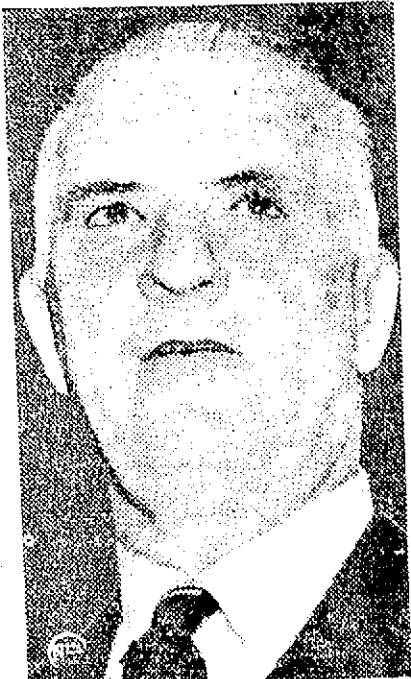

Work of incorporating the new areas was the first item on the agenda after re-convening of parliament for its second day.

The borders of expanded Russia will reach to the Baltic coast, giving her important ice-free ports, and to the Danube river, one of the most important European commercial routes.

Successful foreign policy. Molotov declared yesterday, thus has "brought about considerable expansion of our territory and multiplied the forces of the Soviet Union."

Reorganization of the Administrative Set-up of the Democratic National Committee Is Expected When New York Man Assumes the Reins

PLANS CONFERENCES

Washington, Aug. 2.—(P)—Reorganization of the administrative set-up of the Democratic national committee was expected in political circles today to be started when Edward J. Flynn takes over the party chairmanship August 17.

Appointment of Flynn, New York national committeeman and Bronx Democratic leader, to direct the third-term campaign of President Roosevelt was announced yesterday after a White House conference.

Flynn hurried back to New York, where on Monday he will begin conferences with James A. Farley, retiring national chairman, regarding the kind of campaign to be waged, with particular reference to pivotal New York state. Central headquarters will be maintained in New York City.

Although Flynn would not go beyond his formal statement predicting victory for the Roosevelt-Vollmer ticket, there were reports that L. W. Robert, national committee secretary, and Oliver A. Quayle, treasurer, might be replaced. They were re-elected after the Chicago convention.

Farley, who is giving up the chairmanship to head the New York Yankees and perhaps take another private job on the side, would not say when he intended to resign as postmaster general.

TEMPERATURES TO SOAR AGAIN OVER WEEKEND

Except for Small Section of Middle West, Most of Nation Enjoys Ideal Summer Weather. But Forecaster Says Cool Wave Will Be Short

DEATH TOLL OVER 1000

By The Associated Press
Except for a small section of the middle west, most of the nation enjoyed ideal summer weather today, but warmer temperatures were in prospect for tomorrow.

Scattered thunder showers and cool breezes moderated conditions in much of the broad area that for 15 days until Wednesday night wilted in the most severe heat wave of the summer. The death toll from heat and drownings exceeded 1,000.

Warm temperatures prevailed, however, from the central plains region eastward to the middle Mississippi valley. No relief was in sight in Missouri and Kansas.

Lake breezes gave Chicago another day of pleasant weather and the mercury was not expected to climb above 82 degrees. The forecast was for a shift in winds to southerly this afternoon, bringing in some of the Kansas and Missouri heat.

Today's maximum in Kansas City was expected to fall five degrees below yesterday's 101.

Twelve prostration cases were treated yesterday and last night, a day's record for the summer.

Light showers occurred last night in north and central Kansas, but the hot spell continued unbroken.

Cooled by a two-day break in the 12-day long heat wave, Pennsylvanians looked apprehensively today to the coming weekend and a government prediction of sweltering weather ahead.

Northwest breezes swept across the state Thursday, definitely ending the heat wave which claimed at least 87 lives. But the weather bureau said the mercury might rise Saturday.

The temperature dropped to as low as Pittsburgh's 62 in western Pennsylvania, and state-wide readings in the 80's were reported during the weekend.

WRECK INQUIRY IS CONTINUED
Akron, O., Aug. 2.—(P)—Looked in the unconsciousness of two crew members today was the secret of why they "disregarded" instructions to sidetrack a Pennsylvania railroad motor coach in which 42 persons rode to a fiery death.

From Engineer Thomas L. Murtough, 49, and Conductor Harry Shaffer, 57, railroad officials hoped to get an explanation before completing their inquiry into the Wednesday night crash on the coach and a freight train on the road's 12 mile Hudson-Akron single track.

Both Murtough and Shaffer, two of the three crash survivors, were injured seriously, and investigators said they did not know when they could be questioned.

Road officials reported the coach crew received an order to take a siding and allow the 73-car freight

Firing Interrupts Press Conference
Berlin, Aug. 2.—(P)—The Daily German press conference for foreign journalists was interrupted dramatically today by the booming of anti-aircraft guns directly overhead, apparently from the roof of the foreign office.

The firing lasted probably less than a minute. No one left the building.

Journalists and minor officials said that the Wilhelmstrasse was cleared immediately, with everyone running for cover, and that the guns had been trained on unidentified planes.

This plane, it was later reported, flew over the city at a height of about 5,000 feet and changed its course immediately when anti-aircraft shells, apparently warning shots, burst about it.

National Defense Orders and Private Buying Steps Up Output of Pennsylvania Factories
Philadelphia, Aug. 2.—(P)—Spurred by National Defense orders and private buying for future needs, Pennsylvania's factories stepped up their output during the first half of July, the Philadelphia Federal Reserve bank reported today.

In a general review of business conditions in the Third Federal Reserve District, the bank said substantial increases were noted in June in the durable goods industries, with the improvement continuing into July. Consumers' goods production declined, partly due to seasonal influences, the bank said, adding:

"Substantial improvement" in retail sales was reported, along with expansion in the iron and steel industry, capacity operation at shipyards, bigger orders for tanks and other armament and a demand for airplane engines, "considerably in excess of the supply."

Employment and payrolls at factories increased in June following declines in the first part of the year but prices of raw materials and finished goods have shown a declining tendency, "reflecting the confused outlook as to the domestic demands in many lines and, in the case of agricultural products, the loss of important foreign markets."

"Retail dealers in this section are still replenishing their stocks of anthracite in anticipation of fall requirements," the report added, and exports in June were valued at \$11,200,000 as compared with \$11,000,000 in May and \$9,600,000 a year ago.

Government Members and Others Charged With Leading France to War With Germany and With Responsibility for Disastrous Defeat, May Be Called Upon to Face Charges of Plotting Against the State

SESSION TO OPEN AT RIOM ON AUGUST 8TH

By JOHN LLOYD
Associated Press Foreign Writer
Vichy, France, Aug. 2.—(P)—Military leaders, former government members and others charged with leading France to war with Germany and with responsibility for her disastrous defeat, will go on trial before the French supreme court at Riom Aug. 8.

The names of those to face charges were not disclosed officially.

Former Premiers Edouard Daladier and Paul Reynaud, former French Generalissimo Maurice Gamelin and Georges Mandel, minister of colonies, frequently have been attacked in the French press in connection with the forthcoming trials.

The defendants are to be accused not only of responsibility for pulling France in the war and poor military leadership thereafter, but of responsibility for the country's state of unpreparedness.

In certain cases it is expected that even charges of plotting against the state will be brought.

The setting of the date for the start of the trials was announced by French Minister of Justice Raphael Alibert.

Meanwhile authoritative sources said, Great Britain has insisted that certain French missions, such as the armaments mission, which were in England at the time of signing of the French-German armistice remain there.

The Lawrence, which is one of a group of neutrality patrol destroyers based at Newport, sailed shortly after noon.

Spick and span in his dark blue uniform into which he had changed at the home of Beverly Bogart in Newport, Roosevelt arrived at the government landing in his own car.

The captain's gig of the Lawrence had arrived at the landing earlier with orders "to wait for an officer who was reporting for duty aboard the Lawrence."

Marine guards at the landing said they did not know who the officer was and the president's son drove up unheralded and un-

ADEQUATE DEFENSE REQUISITE

Specifically Permitting Direct Quotation, Chief Executive in Discussing Selective Service Training Bill at Press Conference Declares He Is Distinctly in Favor of the Measure Now Before Congress

ONE-YEAR ENLISTMENT PLAN IS CONSIDERED

BULLETIN
Washington, Aug. 2.—(P)—Shortly after President Roosevelt declared that a system of selective training was "essential to adequate national defense," the Senate military committee rejected today a proposal to limit compulsory service at this time to 900,000 men.

Washington, Aug. 2.—(P)—President Roosevelt said today he was "distinctly in favor of a selective service training bill and I consider it essential to adequate national defense."

Specifically permitting direct quotation, the president made the statement at a press conference after a reporter asked for his opinions. The reporter said a report was going around that the chief executive was "not so hot about conscription."

The president replied that it all depended on which paper you read. He then entered upon a lengthy review of the conscription question.

He also announced that he and Democratic tax leaders in congress were agreed that an excess profits tax should be enacted without delay.

All manufacturers working on defense orders know that such legislation was going to be passed, he said, and were proceeding to assemble materials even though contracts have not yet been signed.

The president said that Chairman Harrison (D-Miss.) of the Senate finance committee hoped to (Turn to Page Eleven)

PARTY LINES TO BE CAST ASIDE WILLKIE SAYS

BY WILLIAM B. ARDERY
Colorado Springs, Colo., Aug. 2.—(P)—Wendell L. Willkie thinks the coming election will be decided on issues rather than party lines.

Willkie made that clear yesterday in a joint press conference with William Allen White, the Emporia, Kas., editor.

Questioned by reporters, Willkie said he believed "fully half the voters are independent—they cross party lines very easily."

"There used to be pride among many people about their party partisanship," Willkie continued. "Now they are proud of their independence."

White expressed a similar view, telling reporters that independent voters would aid Willkie in the November election.

DEMOCRATS PLAN FOR FINANCIAL CAMPAIGN

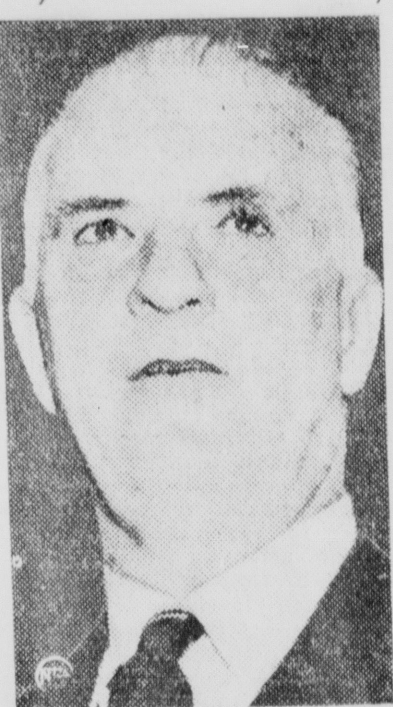

Harrisburg, Aug. 2.—(P)—To Henry W. Brockerhoff of Centre county has fallen the task of raising the money for financing the Democrats' fall election campaign in Pennsylvania.

State Chairman Meredith Myers announced, after a meeting yesterday, assignment of the task to the treasurer of the state committee.

Resident Secretary Walter L. Miller was designated chairman of the committee that will arrange for campaign speakers.

Myers also announced the Democratic state executive committee will meet here August 14, with a meeting of the campaign committee the following day.

Democratic Shift: Flynn for Farley

Edward J. Flynn, above, long-time New York politician, has been named by the Democratic high command to manage President Roosevelt's third term campaign and replace Jim Farley as party chairman.

Reorganization of the Administrative Set-up of the Democratic National Committee Is Expected When New York Man Assumes the Reins

PLANS CONFERENCES

Washington, Aug. 2.—(P)—Reorganization of the administrative set-up of the Democratic national committee was expected in political circles today to be started when Edward J. Flynn takes over the party chairmanship August 17.

Appointment of Flynn, New York national committeeman and Bronx Democratic leader, to direct the third-term campaign of President Roosevelt was announced yesterday after a White House conference.

Flynn hurried back to New York, where on Monday he will begin conferences with James A. Farley, retiring national chairman, regarding the kind of campaign to be waged, with particular reference to pivotal New York state.

Central headquarters will be maintained in New York City.

Although Flynn would not go beyond his formal statement predicting victory for the Roosevelt-Wallace ticket, there were reports that L. W. Robert, national committee secretary, and Oliver A. Quayle, treasurer, might be replaced. They were re-elected after the Chicago convention.

Farley, who is giving up the chairmanship to head the New York Yankees and perhaps take another private job on the side, would not say when he intended to resign as postmaster general.

BALTIC STATES UNION TAKEN UP

Moscow, Aug. 2.—(P)—The Supreme Soviet (Parliament) turned today to formal union with Russia of the Baltic states and territory ceded by Rumania—which Premier-Foreign Commissar Molotov said would give the Soviet Union the "powerful voice" of more than 193,000,000 people.

Work of incorporating the new areas was the first item on the agenda after re-convening of parliament for its second day.

The borders of expanded Russia will reach to the Baltic coast, giving her important ice-free ports, and to the Danube river, one of the most important European commercial routes.

Successful foreign policy, Molotov declared yesterday, thus has "brought about considerable expansion of our territory and multiplied the forces of the Soviet Union."

TEMPERATURES TO SOAR AGAIN OVER WEEKEND

Except for Small Section of Middle West, Most of Nation Enjoys Ideal Summer Weather, But Forecaster Says Cool Wave Will Be Short

DEATH TOLL OVER 1000

By The Associated Press
Except for a small section of the middle west, most of the nation enjoyed ideal summer weather today, but warmer temperatures were in prospect for tomorrow.

Scattered thundershowers and cool breezes moderated conditions in much of the broad area that for 13 days until Wednesday night wilted in the most severe heat wave of the summer. The death toll from heat and drownings exceeded 1,000.

Warm temperatures prevailed, however, from the central plains region eastward to the middle Mississippi valley. No relief was in sight in Missouri and Kansas.

Lake breezes gave Chicago another day of pleasant weather and the mercury was not expected to climb above 82 degrees. The forecast was for a shift in winds to southerly this afternoon, bringing in some of the Kansas and Missouri heat.

Today's maximum in Kansas City was expected to fall five degrees below yesterday's 101. Twelve prostration cases were treated there yesterday and last night, a day's record for the summer.

Light showers occurred last night in north and central Kansas but the hot spell continued unbroken.

Cooled by a two-day break in the 13-day long heat wave, Pennsylvanians looked apprehensively today to the coming weekend and a government prediction of sweltering weather ahead.

Northwest breezes swept across the state Thursday, definitely ending the heat wave which claimed at least 87 lives. But the weather bureau said the mercury might rise Saturday.

The temperature dropped to as low as Pittsburgh's 62 in western Pennsylvania and state-wide readings in the 80's were reported during the weekend.

WRECK INQUIRY IS CONTINUED

Akron, O., Aug. 2.—(P)—Locked in the unconsciousness of two crew members today was the secret of why they "disregarded" instructions to sidetrack a Pennsylvania railroad motor coach in which 43 persons rode to a fiery death.

From Engineer Thomas L. Murtough, 49, and Conductor Harry Shafer, 57, railroad officials hoped to get an explanation before completing their inquiry into the Wednesday night crash of the coach and a freight train on the road's 12 mile Hudson-Akron single track.

Both Murtough and Shafer—two of the three crash survivors—were injured seriously, and investigators said they did not know when they could be questioned.

Road officials reported the coach crew received an order to take a siding and allow the 75-car freight (Turn to Page Six)

National Defense Orders and Private Buying Steps Up Output of Pennsylvania Factories

Philadelphia, Aug. 2.—(P)—Spurred by National Defense orders and private buying for future needs, Pennsylvania's factories stepped up their output during the first half of July, the Philadelphia Federal Reserve bank reported today.

In a general review of business conditions in the Third Federal Reserve District, the bank said substantial increases were noted in June in the durable goods industries, with the improvement continuing into July. Consumers' goods production declined, partly due to seasonal influences, the bank said, adding:

"Substantial improvement" in retail sales was reported, along with expansion in the iron and steel industry, capacity operation

Government Members and Others Charged With Leading France to War With Germany and With Responsibility for Disastrous Defeat, May Be Called Upon to Face Charges of Plotting Against the State

SESSION TO OPEN AT RIOM ON AUGUST 8TH

By JOHN LLOYD
Associated Press Foreign Writer
Vichy, France, Aug. 2.—(P)—Military leaders, former government members and others charged with leading France to war with Germany and with responsibility for her disastrous defeat, will go on trial before the French supreme court at Riom Aug. 8.

The names of those to face charges were not disclosed officially.

Former Premiers Edouard Daladier and Paul Reynaud, former French Generalissimo Maurice Gustave Gamelin and Georges Mandel, minister of colonies, frequently have been attacked in the French press in connection with the forthcoming trials.

The defendants are to be accused not only of responsibility for putting France in the war and poor military leadership thereafter, but of responsibility for the country's state of unpreparedness.

In certain cases it is expected that even charges of plotting against the state will be brought. The setting of the date for the start of the trials was announced by French Minister of Justice Raphael Albert.

Meanwhile authoritative sources said Great Britain has insisted that certain French missions, such as the armaments mission, which were in England at the time of signing of the French-German armistice remain there.

SWISS BORDER CLOSED

Geneva, Aug. 2.—(P)—The German army of occupation in France has ordered closing of the Swiss-French border from Geneva to Basel, effective Aug. 4. Many observers viewed this as a new indication that the Germans are sealing all possible channels through which news of preparations for the invasion of Britain might reach the outside world.

Firing Interrupts Press Conference

Berlin, Aug. 2.—(P)—The Daily German press conference for foreign journalists was interrupted dramatically today by the booming of anti-aircraft guns directly overhead, apparently from the roof of the foreign office.

The firing lasted probably less than a minute. No one left the building.

Janitors and minor officials said that the Wilhelmstrasse was cleared immediately, with everyone running for cover, and that the guns had been trained on unidentified planes.

This plane, it was later reported, flew over the city at a height of about 5,000 feet and changed its course immediately when anti-aircraft shells, apparently warning shots, burst about it.

at shipyards, bigger orders for tanks and other armament and a demand for airplane engines, "considerably in excess of the supply."

Employment and payrolls at factories increased in June following declines in the first part of the year but prices of raw materials and finished goods have shown a declining tendency, "reflecting the confused outlook as to the domestic demands in many lines and, in the case of agricultural products, the loss of important foreign markets."

"Retail dealers in this section are still replenishing their stocks of anthracite in anticipation of fall requirements," the report added and exports in June were valued at \$11,200,000 as compared with \$11,000,000 in May and \$5,600,000 a year ago.

Ground school was started this week at the Warren Airport for those enrolled in the Civilian Pilot Training program of the Civil Aeronautics Administration, with classes scheduled for each Monday, Wednesday and Friday evening, it was stated by V. S. King, airport manager.

King said this morning there are about 75 taking the ground school course, taught by Marshall Mathis, with most of this number being enrolled in the CPT course.

There are still four or five students who signed up or the course under the CPT who have not reported to the ground school, he said. Unless these persons report, they will not be eligible for the flight training class to be started later.

Textbooks have been received from the CAA and will be given out to the CPT students tonight.

The classes are held from 7 to 9 and from 9 to 11 p. m. on each of the nights mentioned.

**Accident Which Claimed
Life of Claude E. Althoff,
52, at Warren Axe &
Tool Company Yesterday
Termed Unavoidable**

WORLD WAR VETERAN

Funeral services for Claude E. Althoff, 52, who was killed yesterday afternoon when he was struck by a large piece from an emery wheel at the plant of the Warren Axe and Tool Company, will be held from the home, 116 East Wayne street, Sunday afternoon at 2:30 o'clock Rev. Abrams, of Corry, will officiate and interment will be in the Pine Grove cemetery at Corry.

Mr. Althoff was born November 7, 1887, in Hanover, Pa. He is survived by his wife, Lillian R. Althoff, a stepson, Milton Hawley, of Warren, his stepfather and mother, Mr. and Mrs. Bert Tanger, of Hanover, one sister, Reva Huff, of Hanover, and two grandchildren, Barbara and Ray Claude Hawley.

During the World War Mr. Althoff served with the American Expeditionary Forces as a private in Company C, 317th Infantry, having enlisted at Corry, April 3, 1918. He was in France from May 26, 1918, to June 11, 1919. He served in the Artillery sector from August 6, 1918, to August 11, 1918, participated in the St. Mihiel offensive from September 12 to September 16, 1918, in the Meuse-Argonne offensive from September 26 to October 12, 1918, and again from November 1 to 7, that year. He received the Victory Medal awarded by the U. S. government. He was honorably discharged at Camp Lee, Va., June 11, 1919.

The accident which took Mr. Althoff's life occurred about 2:15 o'clock yesterday afternoon.

According to the information, given to Coroner E. C. Lowrey, the emery wheel which exploded was a new one which had just been placed in use at noon yesterday following its receipt from the Carborundum Company at Niagara Falls.

E. C. Snyder, foreman of the department in which Mr. Althoff worked, said that he was standing very close to the machine, watching the work. It had been noticed that the wheel had started to jump and Snyder said he just started to tell Mr. Althoff to stop the machine. Before he could finish his sentence, Snyder said, the accident occurred.

The wheel, used for edging axes, was 30 inches in diameter and four inches thick. It weighed 250 pounds and was traveling at the rate of about 1150 revolutions per minute.

The piece which struck Mr. Althoff threw him a distance of about 12 feet and then continued on about 25 feet across the shop. Another fragment went through the roof of the plant.

Coroner Lowrey said today that the accident has been determined to have been unavoidable and that no inquest will be held.

**SALE OF LIQUOR
AND BEER ENDS
IN PINE GROVE**

Pine Grove township, including the village of Russell, settled back to normal yesterday after a hectic night of Wednesday, the final day for the sale of liquor and malt beverages at retail establishments. The township went "dry" at midnight Wednesday as a result of a referendum conducted last fall. Four establishments in the township were affected by the change. They are The States Restaurant, on the Warren-Jamestown road, near the New York state line, the E. J. Schooley place, between Russell and Akeley, and the establishments of L. V. Russell and Frank Cox in Russell.

The first two named are remaining open for the sale of sandwiches and meals, it was stated today. It was expected that the two places in Russell would remain closed.

Large crowds visited all four places Wednesday night and, although they were reported to have been noisy there were no untoward incidents, it was stated, except that windows were boarded up and creeps hung on the doors. Beer signs from the establishments were reported to have been strewn about the village of Russell by the celebrators.

Enjoyable Time at
Outing at Cottage**

An entertaining outing was held last evening by members of the McCurdy Men's Class of the Grace Methodist church, when they were invited to the summer cottage of Robert Schorman at Cheney's Point on Lake Chautauqua.

About 35 members and friends were in attendance for the outing, which included boat rides, games and a delicious tureen supper served outdoors. The class was most appreciative of the efforts of Mrs. Schorman, Mrs. Andrew Nelson, Mrs. Dick Larimore and Mrs. Bernard Joy in providing this portion of the program.

The members had the privilege of entertaining a former pastor of Grace church, Rev. Harold McCurdy, now located in Brookville, but still greatly interested in the local parish and the class which bears his name. He gave an interesting informal talk in which he mentioned the organization and many events in the earlier days of the class. Rev. McCurdy and family are vacationing at the lake.

Clayton Kyler, the new president, was in charge of the regular business meeting held during the evening.

McCurdy Class Has Enjoyable Time at Outing at Cottage

An entertaining outing was held last evening by members of the McCurdy Men's Class of the Grace Methodist church, when they were invited to the summer cottage of Robert Schorman at Cheney's Point on Lake Chautauqua.

About 35 members and friends were in attendance for the outing, which included boat rides, games and a delicious thirteen supper served outdoors. The class was most appreciative of the efforts of Mrs. Schorman, Mrs. Andrew Nelson, Mrs. Dick Larimore and Mrs. Bernard Joy in providing this portion of the program.

The members had the privilege of entertaining a former pastor of Grace church, Rev. Harold McCurdy, now located in Brookville, but still greatly interested in the local parish and the class which bears his name. He gave an interesting informal talk in which he mentioned the organization and many events in the earlier days of the class. Rev. McCurdy and family are vacationing at the lake. Clayton Kyler, the new president, was in charge of the regular business meeting held during the evening.

CLARENDON CONTRIBUTIONS HELP INCREASE WAR RELIEF FUND FOR COUNTY; BAND CONCERT PLANNED

As a result of excellent work on the part of Red Cross workers in Clarendon and some rather nice individual donations throughout several districts in the borough, the War Relief Fund for the county was boosted today to \$3,337.62, leaving only a balance of \$2,652.38 to be raised to reach the quota of \$6,000.

Under the direction of George Seavy and the excellent work of Mrs. V. K. Yagge, Mrs. Mae Rowley, Mrs. William Shea and Robert Seavy, Clarendon reported \$46.75, while the Bradford-Penn Refining Company under the direction of Spencer L. Myer reported \$32.00 from the employees of that Clarendon industry.

Through the cooperation of the Veterans of Foreign Wars band another ice cream social will be held at their next concert, to be given at the Lacy school on Tuesday evening. This will be under the combined sponsorship of the ladies of the Epworth Methodist church, the Evangelical Reformed church and the Salem Evangelical church of Glade.

Mrs. Ernest Huber is general chairman and will be assisted by Mrs. Harry Granquist, Mrs. Victor Granquist, Mrs. Clarence Heald and Mrs. Frank Smith, of Epworth Methodist; Mrs. Fred Streich, Mrs. Irving Dietsche, Mrs. George Wolaston and Mrs. Arthur MacDonald, of the Evangelical Reformed church; Mrs. Harry Thompson, Mrs. Albert Ristau and Mrs. Melvin Olsen, of Salem Evangelical.

This committee and others will be in the business district on Saturday selling tickets to the social.

Representatives of the V. F. W. band announced this morning that the soloist for this concert will be Miss Anne Krantz, Warren High school graduate, who is now a student at Grove City College.

In event of rain, the concert will be held on the following Tuesday, August 13.

SECOND PERIOD OF SCOUT CAMP IS SUCCESSFUL

One hundred and thirty Scouts and leaders completed the second period at Camp Olmsted which ended Wednesday. They were replaced by one hundred more representing ten troops of Warren county who will be in camp until August 7. Leaders and boys alike declared the season thus far is one of the most enjoyable in recent years. Several of the troops undertook construction projects and were recognized at the closing camp fire on Tuesday night. A bridge was constructed by Troop 11 and a new flag pole was erected by Troops 41 and 43 of Ludlow. Troop 13 erected a small building, and Troop 5 made a number of improvements on its camp site.

Certificates for satisfactory troop inspection rating were awarded Troops 41, 43, 5, 13, 17, 8, 10, 36, 2 and 11. Troop 17 of Sugar Grove received special recognition for its part in constructing a fire lane about the camp.

A training course for troop leaders was conducted during the period and the following leaders received training awards: Ernest A. Johnson, Ralph A'Hannah, Clarence Zurcher and Lee Belknap.

During the summer all troops have been receiving special instruction from the State Department of Forests and Waters under the guidance of District Forester Wm. Smith and Inspector J. S. Pees. This has included timber management, fire prevention and axmanship. The instruction has been so successful that it has completely eliminated destruction of green timber about the camp.

Wednesday of next week brings the annual inspection by representatives of the national council and it is expected that the local camp will receive one of the highest of ratings.

Hundreds of Farm Homes Are Now Getting Telephones At New Low Cost!

HUNDREDS of people in rural sections who used to think they couldn't afford to have a telephone are changing their minds these days. For it is now possible for many families to have a telephone installed at a cost lower than ever before. In most cases only the regular service connection charge of \$2.50 will be made, no construction charges being involved.

Kenneth Neff, representing The Bell Telephone Company of Pennsylvania, will be calling on people in and around Warren next week to explain how this is possible.

"Most farmers agree," says Mr. Neff, "that a telephone can pay for itself by saving time and trips, by making it easy for people to reach you when they want to buy products or services and by getting help in a hurry in case of fire, sickness or accident. In the past, however, tele-

Cleveland, Aug. 2.—(A.P.)—The monthly business survey of the fourth district Federal Reserve Bank today blamed the European war for reductions in the price of western Pennsylvania oil.

Explaining that ordinarily 25 per cent of the field's production had been exported, the report said removal of the foreign markets created a "serious inventory situation and prices have dropped sharply from the level to which they rose last fall."

NEW CHAMPION
Pittsburgh, Aug. 2.—(A.P.)—Sam Costanza, 30, of Ambridge, has been awarded a silver cup by Mayor Cornelius Scully for winning the national shoe repairers' championship. The award was based on excellence in workmanship, shop management, merchandising and shop neatness.

Hundreds of Farm Homes Are Now Getting Telephones At New Low Cost!

HUNDREDS of people in rural sections who used to think they couldn't afford to have a telephone are changing their minds these days. For it is now possible for many families to have a telephone installed at a cost lower than ever before. In most cases only the regular service connection charge of \$2.50 will be made, no construction charges being involved.

Kenneth Neff, representing The Bell Telephone Company of Pennsylvania, will be calling on people in and around Warren next week to explain how this is possible.

"Most farmers agree," says Mr. Neff, "that a telephone can pay for itself by saving time and trips, by making it easy for people to reach you when they want to buy products or services and by getting help in a hurry in case of fire, sickness or accident. In the past, however, tele-

SECOND PERIOD OF SCOUT CAMP IS SUCCESSFUL

One hundred and thirty Scouts and leaders completed the second period at Camp Olmsted which ended Wednesday. They were replaced by one hundred more representing ten troops of Warren county who will be in camp until August 7. Leaders and boys alike declared the season thus far is one of the most enjoyable in recent years. Several of the troops undertook construction projects and were recognized at the closing camp fire on Tuesday night.

A bridge was constructed by Troop 11 and a new flag pole was erected by Troops 41 and 43 of Ludlow. Troop 13 erected a small building, and Troop 5 made a number of improvements on its camp site.

Certificates for satisfactory troop inspection rating were awarded Troops, 41, 43, 5, 13, 17, 8, 10, 36, 2 and 11. Troop 17 of Sugar Grove received special recognition for its part in constructing a fire lane about the camp.

A training course for troop leaders was conducted during the period and the following leaders received training awards: Ernest A. Johnson, Ralph A'Harran, Clarence Zurcher and Lee Belknap.

During the summer all troops have been receiving special instruction from the State Department of Forests and Waters under the guidance of District Forester Wm. Smith and Inspector J. S. Pees. This has included timber management, fire prevention and axmanship. The instruction has been so successful that it has completely eliminated destruction of green timber about the camp.

Wednesday of next week brings the annual inspection by representatives of the national council and it is expected that the local camp will receive one of the highest of ratings.

ELKS BRIDGE

In the weekly contract bridge tournament at the Elks Club last night, first place went to Henry Hunzinger and M. A. Kornreich. Dr. Gail Riddelsperger and Dr. Robert Israel were second, with Sherm Offerle and James K. Bell third. Four tables were in play.

PLANS KINDERGARTEN

An advertisement elsewhere in this paper calls attention to the fact that Mrs. Earl Stricker is making arrangements to reopen her kindergarten for children from four to six years and is taking registrations at her home, 119 Redwood street. The class will begin Saturday, September 3.

RELIEF PAYMENTS

Direct relief payments made to needy Warren countians during the week ended yesterday showed an increase of six dollars over those of the previous week, according to State Treasurer F. Clair Ross. Payments for the week totaled \$1,229, which was \$2,573 lower than those of the comparable week of last year.

CLOSE REUNION

A grand ball last night closed the 25th annual meeting of the Taintzinian Business Men's Association, held during the week at the Greek Club in Celoron. New officers and directors were formally introduced at a dinner held prior to the ball. Next year's meeting will be held during the last week in July at the Greek Club. A number from Warren were in attendance at the sessions.

LOSES PONY

A local resident is very anxious to find a small pony, brown with white spots, which strayed from a pasture on the Irvine-Tidioute road. When last seen, it was in the Irvine run section, according to reports. Anyone having information concerning the pony is asked to notify John T. Dailey, Irvine, Tidioute road, phone Youngville 42-453, or the Warren police department.

RECRUITERS HERE

Until further notice, recruiters from the U. S. Navy recruiting sub-station at Jamestown, will make two trips weekly to Warren, on Monday and Thursday, for the purpose of taking applications for enlistment in the U. S. Navy, according to W. A. Martin and John J. Gibbon, officers in charge. They will be located in the post office building here between the hours of 10 a. m. and 4 p. m. on each of those days. All American citizens between the ages of 18 and 31 who are physically and mentally qualified are eligible for enlistment.

Local Man Retires After Half Century As Pennsy Employee

F. M. Moore, 100 North Irvine street, retired yesterday from active service with the Pennsylvania Railroad after 52 years of service. Entering the employ of the company July 12, 1888, he served as fireman for four years and as engine-man for 48 years, all on the Renovo division.

His brother, Robert Moore, is another Pennsy engineer with over 50 years of service. Their father, Sheldon M. Moore, was also an engineer and all three of them on the Renovo division with a total service of 142 years.

SPECIALIST DIES

Uniontown, Aug. 2—(P)—Dr. Andrew O'Neill, 68, prominent eye, ear, nose and throat specialist in this section, died yesterday.

A native of Carbondale, Pa., he had practiced here since his graduation from Maryland Medical College in 1904.

Surviving are his widow, Mrs. Caroline Brown O'Neill; a son, Joseph O'Neill, Washington attorney; a daughter, Helen Clarissa O'Neill; and a sister, Mrs. Thomas Duffy, of Scranton.

"In two special instances we used San-Cura Ointment and discovered it to be the 'find of a lifetime,'" writes Mrs. E. F. Linke, 1514 W. 55th Street, Chicago. Antiseptic San-Cura Ointment soothes and aids in healing minor sores, cuts, burns, itching piles and irritated skin. 35c and 60c at all drug stores.

BLAMES WAR

Cleveland, Aug. 2—(P)—The monthly business survey of the fourth district Federal Reserve Bank today blamed the European war for reductions in the price of western Pennsylvania oil.

Explaining that ordinarily 25 per cent of the field's production had been exported, the report said removal of the foreign markets created a "serious inventory situation," and prices have dropped sharply from the level to which they rose last fall.

NEW CHAMPION

Pittsburgh, Aug. 2—(P)—Sam Costanza, 30, of Ambridge, has been awarded a silver cup by Mayor Cornelius Scully for winning the national shoe repairers' championship. The award was based on excellence in workmanship, shop management, merchandising and shop neatness.

DEATH, TOO, IS MOTORIZED

According to a dispatch in the Times-Mirror Tuesday, a thousand more lives have been snuffed out by automobiles during the first half of this year than in the same period of 1939.

Death, following the human lead, has also motorized his battalions. He is gradually forcing back the safety troops which were so long gradually reducing the toll of troops.

June was the ninth consecutive month, the Associated Press quotes the National Safety Council as reporting, to show an increase over the preceding year. And 14,740 people have been mown down since January first, as compared with 13,700 in the first six months of last year.

The eight per cent increase almost exactly coincides with a seven per cent increase in auto mileage. But the Safety Council believes that the war also has had its effect in making people reckless and careless. The traffic toll began to rise almost exactly when the war started last September, and reached its peak in June, when France surrendered, providing inspiration for the suggestion that "wartime jitters" may have been partly to blame for the heavy traffic toll between January first and June 30th.

FOOD PROSPECTS IN EUROPE

Taking exception to predictions made by many so-called experts on the subject, the Agriculture Department at Washington in a forecast makes the statement that if Europe's food supplies are "proportionately distributed" during the coming fall and winter, there will be no abnormal shortage and "certainly no widespread starvation" among war-torn peoples.

The Department prediction raises the question, however, as to whether available supplies could be distributed so as to prevent hunger.

The report states that continental European supplies of the bread grains—wheat and rye—appear to be between five and ten per cent below peacetime requirements. This year's crops apparently will be 15 per cent below normal. However, fairly large reserves in Germany and Italy, the Department states, would tend to offset the smaller production.

The Department says that in central and northern Europe a normal or better crop of potatoes would supplement bread grain supplies. In southeast Europe a better-than-normal corn crop is indicated. Normal or better crops of vegetables are forecast, but fruit production is described as not bright.

An acute shortage in animal feed supplies is forecast. The Department says such supplies may be 15 per cent below requirements. Denmark, The Netherlands and parts of Germany, areas which depend heavily on imports, would feel the effects of a shortage in feed concentrates, the report states.

If the Department's forecasts are anywhere near reliable, and they usually are quite accurate, it would seem that predictions of widespread suffering from hunger in European nations affected by the conflict now raging, as mentioned by foreign writers, may have been just so much propaganda, or based on insufficient information on the subject.

When ground is broken next week by the S. S. Kresge Company for the new building that will house the Loblaw Groceries, it will mark the first move taken in many years to draw business to that section of Second avenue east of Liberty street. The fact that the project has been decided upon indicates a growing confidence in the future of Warren on the part of the firms sponsoring the construction.

Lovers of band music in and about Warren will welcome another opportunity to hear the Knox Associates band which will give a concert at Wildcat Park, Ludlow, Sunday afternoon at 3:30 o'clock. The organization, having appeared in Warren three times in less than a year, has increased its popularity on each occasion. A musical treat is in store for those who attend the concert.

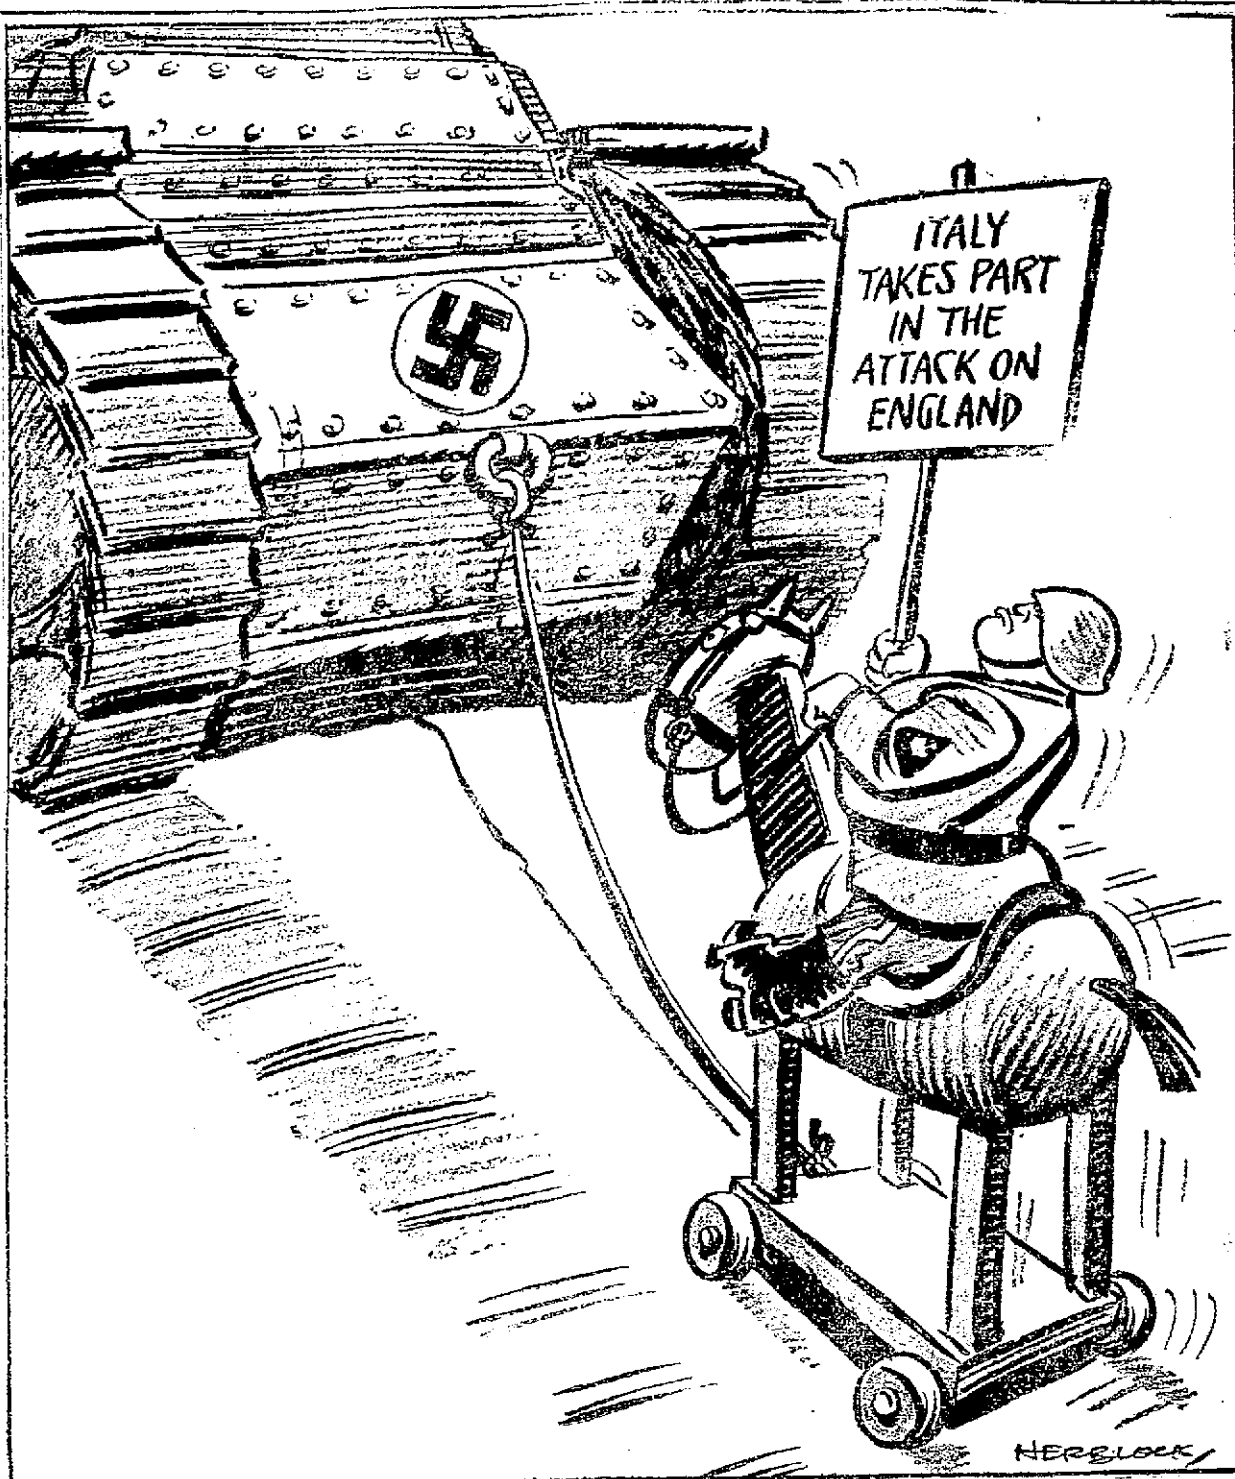

Warren's building boom continues at a slow but substantial pace.

BODY STUDIED WAR EXPERIENCE FOR MANY YEARS

Washington, Aug. 2.—Selective military service proposed in the Burke-Wadsworth bill and denounced variously as "revolutionary" and "a dangerous innovation" is old stuff to the six-man Joint Army and Navy Selective Service Committee.

For years the committee has been devising just such a law, simplifying regulations, studying draft procedure in the United States during the World War and subsequent improvements by other countries.

Committee members are officers of the army, navy, marine corps, officers' reserve and national guard. If Congress enacts legislation for compulsory training these men will be the nucleus of the selective service headquarters staff.

Senator Edward Burke of Nebraska, co-author of the selective service bill, has been getting about 1000 letters a day. Business men write that they think compulsory training is a good idea, mothers of sons between 21 and 31 say they think it's a bad idea.

Men who haven't finished paying for their homes, silos or cars want to know if their installment payments will have to be made if they are called up and get only \$21 a month. Men on relief ask if their families will get relief checks if they're drafted.

Government lending agencies haven't formed a definite policy on these matters, which would probably be left to an administrative board of appeals.

Farm Security Administration

and Federal Housing Administration

officials point out that most of their borrowers are men past 31 and not likely to be classified as "available for immediate service." It seems likely that WPA would continue relief payments to dependents of men called up.

M-day won't be quite as it was planned, if Congress agrees on peacetime military service. For one thing the "civilian effort" will be unnecessary.

Goal of the Protective Mobilization Plan was 790,000 recruits in 60 days. The first 60 days after the United States entered the war in 1917, only 290,000 men enlisted.

M-Day planners did not expect more enthusiasm from a later generation. So they were going to couple selective service with the "civilian effort"—specifically, committees of leading citizens in each community who would "promote" recruiting . . . give pep talks in the neighborhood.

This "sell the war" campaign was to get out volunteers during the month or so which would elapse before the selective service machinery could be geared to wartime speed.

According to present plans, a peacetime selective service law would bring in more than 790,000 young men for military training by April, 1941.

Embarrassing question: Selective service questionnaires ask elected officials who hold federal, state, municipal and county jobs, "How much of your time is actually devoted to your position?" And in an election year too!

Interesting Items Taken From the Warren Evening Times

In 1920

The grievance of the city of Jamestown against the Pennsylvania Gas Company appears to be a complicated and long drawn out affair. Already several hearings have been had and after taking testimony at the court house here Monday, the hearing was continued to be heard in Buffalo next Monday. Jamestown seeks to restrain the company from removing its mains from that city.

The moving picture of Warren, taken some time ago by Howard Putnam, was shown this morning for the first time at the Strand theatre, the publicity committee and a few invited guests enjoying the performance immensely.

The Russell baseball team, won another game Sunday, when it journeyed to Kinzua and defeated the nine representing that place by a score of 12 to 8. A feature of the contest was a home run by Ed Hale of the Russell team.

It developed at the meeting of school directors last evening that the most vexatious matter the officials have to contend with is truancy. Last year there were eight convictions but in some cases the fine imposed has not been paid.

A get-together outing of the men of the Presbyterian church will be held on the grounds surrounding the E. W. Rogers home, Rogers Mills, Tuesday.

Fifty Rotarians were playing hosts today at the Warren Outing Club to fifty or more children at the fourth annual outing planned by the club for the crippled children of Warren county. F. J. McCoy is general chairman.

Frank Massa, East Side tree sitter, passed his 23rd birthday today at 12:30 this afternoon. "Honey," a little white puppy was given him yesterday by an East Side resident as a present. He is receiving many gifts from the public, one today being a crisp five dollar bill.

C. F. H. Wuesthoff, county vocational supervisor, announced this morning that a community fair is being planned at Lander, to be given by the school and Grange the first week in October.

The Stewart-Dowd garage, nine of the Sunset League defeated the Complanter Indians yesterday on the South Side lot by a score of 7 to 5.

Employees and their families of the Warren Chair Works held a most enjoyable picnic at Oakview Park Saturday with about 125 in attendance.

Mrs. Fred C. Eaton entertained a party of friends at luncheon at the Outing Club Tuesday.

STAMP NEWS

ISSUANCE of a special U. S. aviation commemorative stamp for Aviation Day, Aug. 19, is unlikely. Postal authorities have informed proponents of the stamp that the U. S. 6-cent airmail, released May 14, 1938, gave adequate philatelic recognition to the Wright brothers, pioneers of flight.

The Coronado commemorative honoring the 400th anniversary of the explorations of the Spanish conquistador in the southwest, will be placed on first day sale at Albuquerque, N. M., Sept. 7.

New child welfare issues have been released by Yugoslavia and Turkey. Two Yugoslav stamps picture children at play on the seashore—two other values show children playing in the snow. Turkey's series of 10 values pictures a mother and child.

The Philippine Commonwealth has announced a new series of airmails in seven values. Philippine airmails have been overprints of regular issues.

Hungary has announced an issue of five values picturing King Matthias.

Lithuania's latest release pictures a kneeling woman, of the medieval period, releasing a dove.

DEATH, TOO, IS MOTORIZED

According to a dispatch in the Times-Mirror Tuesday, a thousand more lives have been snuffed out by automobiles during the first half of this year than in the same period of 1939.

Death, following the human lead, has also motorized his battalions. He is gradually forcing back the safety troops which were so long gradually reducing the toll of troops.

June was the ninth consecutive month, the Associated Press quotes the National Safety Council as reporting, to show an increase over the preceding year. And 14,740 people have been mown down since January first, as compared with 13,700 in the first six months of last year.

The eight per cent increase almost exactly coincides with a seven per cent increase in auto mileage. But the Safety Council believes that the war also has had its effect in making people reckless and careless. The traffic toll began to rise almost exactly when the war started last September, and reached its peak in June, when France surrendered, providing inspiration for the suggestion that "wartime jitters" may have been partly to blame for the heavy traffic toll between January first and June 30th.

FOOD PROSPECTS IN EUROPE

Taking exception to predictions made by many so-called experts on the subject, the Agriculture Department at Washington in a forecast makes the statement that if Europe's food supplies are "proportionately distributed" during the coming fall and winter, there will be no abnormal shortage and "certainly no widespread starvation" among war-torn peoples.

The Department prediction raises the question, however, as to whether available supplies could be distributed so as to prevent hunger.

The report states that continental European supplies of the bread grains—wheat and rye—appear to be between five and ten per cent below peacetime requirements. This year's crops apparently will be 15 per cent below normal. However, fairly large reserves in Germany and Italy, the Department states, would tend to offset the smaller production.

The Department says that in central and northern Europe a normal or better crop of potatoes would supplement bread grain supplies. In southeast Europe a better-than-normal corn crop is indicated. Normal or better crops of vegetables are forecast, but fruit production is described as not bright.

An acute shortage in animal feed supplies is forecast. The Department says such supplies may be 15 per cent below requirements. Denmark, The Netherlands and parts of Germany, areas which depend heavily on imports, would feel the effects of a shortage in feed concentrates, the report states.

If the Department's forecasts are anywhere near reliable, and they usually are quite accurate, it would seem that predictions of widespread suffering from hunger in European nations affected by the conflict now raging, as mentioned by foreign writers, may have been just so much propaganda, or based on insufficient information on the subject.

When ground is broken next week by the S. S. Kresge Company for the new building that will house the Loblaw Groceteria, it will mark the first move taken in many years to draw business to that section of Second avenue east of Liberty street. The fact that the project has been decided upon indicates a growing confidence in the future of Warren on the part of the firms sponsoring the construction.

Lovers of band music in and about Warren will welcome another opportunity to hear the Knox Associates band which will give a concert at Wildcat Park, Ludlow, Sunday afternoon at 3:30 o'clock. The organization, having appeared in Warren three times in less than a year, has increased its popularity on each occasion. A musical treat is in store for those who attend the concert.

Warren's building boom continues at a slow but substantial pace.

BODY STUDIED WAR EXPERIENCE FOR MANY YEARS

Washington, Aug. 2.—Selective military service proposed in the Burke-Wadsworth bill and denounced variously as "revolutionary" and "a dangerous innovation" is old stuff to the six-man Joint Army and Navy Selective Service Committee.

For years the committee has been devising just such a law, simplifying regulations, studying draft procedure in the United States during the World War and subsequent improvements by other countries.

Committee members are officers of the army, navy, marine corps, officers' reserve and national guard. If Congress enacts legislation for compulsory training these men will be the nucleus of the selective service headquarters staff.

Senator Edward Burke of Nebraska, co-author of the selective service bill, has been getting about 1000 letters a day. Business men write that they think compulsory training is a good idea, mothers of sons between 21 and 31 say they think it's a bad idea.

Men who haven't finished paying for their homes, silos or cars want to know if their installment payments will have to be made if they are called up and get only \$21 a month. Men on relief ask if their families will get relief checks if they're drafted.

Government lending agencies haven't formed a definite policy on these matters, which would probably be left to an administrative board of appeals.

Farm Security Administration

and Federal Housing Administration officials point out that most of their horrors are men past 31 and not likely to be classified as "available for immediate service."

It seems likely that WFA would continue relief payments to dependents of men called up.

M-day won't be quite as it was planned, if Congress agrees on peacetime military service. For one thing the "civilian effort" will be unnecessary.

Goal of the Protective Mobilization Plan was 790,000 recruits in 60 days. The first 60 days after the United States entered the war in 1917, only 290,000 men enlisted.

M-day planners did not expect more enthusiasm from a later generation. So they were going to couple selective service with the "civilian effort"—specifically, committees of leading citizens in each community who would "promote" recruiting . . . give pep talks in the neighborhood.

This "sell the war" campaign was to get out volunteers during the month or so which would elapse before the selective service machinery could be geared to wartime speed.

According to present plans, a peacetime selective service law would bring in more than 790,000 young men for military training by April, 1941.

Embarrassing question: Selective service questionnaires ask elected officials who hold federal, state, municipal and county jobs, "How much of your time is actually devoted to your position?" And in an election year too!

Interesting Items Taken From the Warren Evening Times

The grievance of the city of Jamestown against the Pennsylvania Gas Company appears to be a complicated and long drawn out affair. Already several hearings have been had and after taking testimony at the court house here Monday, the hearing was continued to be heard in Buffalo next Monday. Jamestown seeks to restrain the company from removing its mains from that city.

The moving picture of Warren, taken some time ago by Howard Putnam, was shown this morning for the first time at the Strand theatre, the publicity committee and a few invited guests enjoying the performance immensely.

The Russell baseball team won another game Sunday when it journeyed to Kinzua and defeated the nine representing that village by a score of 12 to 8. A feature of the contest was a home run by Ed Hale of the Russell team.

It developed at the meeting of school directors last evening that the most vexatious matter of the officials have to contend with is truancy. Last year there were eight convictions but in some cases the fine imposed has not been paid.

A get-together outing of the men of the Presbyterian church will be held on the grounds surrounding the E. W. Rogers home, Rogers Mills, Tuesday.

Fifty Rotarians were playing hosts today at the Warren Outing Club to fifty or more children at the fourth annual outing planned by the club for the crippled children of Warren county. F. J. McCoy is general chairman.

Frank Massa, East Side tree sitter, passed his 23rd birthday in the leaves at 12:30 this afternoon. "Honey," a little white puppy was given him yesterday by an East Side resident as a mascot. He is receiving many gifts from the public, one today being a crisp five dollar bill.

C. F. H. Wuesthoff, county vocational supervisor, announced this morning that a community fair is being planned at Lander, to be given by the school and Grange the first week in October.

The Stewart-Duell garage nine of the Sunset League defeated the Complanter Indians yesterday on the South Side lot by a score of 7 to 5.

Employees and their families of the Warren Chair Works held a most enjoyable picnic at Oakview Park Saturday with about 125 in attendance.

Mrs. Fred C. Eaton entertained a party of friends at luncheon at the Outing Club Tuesday.

STAMP NEWS

ISSUANCE of a special U. S. aviation commemorative stamp for Aviation Day, Aug. 19, is unlikely. Postal authorities have informed proponents of the stamp that the U. S. 6-cent airmail, released May 14, 1938, gave adequate philatelic recognition to the Wright brothers, pioneers of flight.

The Coronado commemorative, honoring the 400th anniversary of the explorations of the Spanish conquistador in the southwest, will be placed on first day sale at Albuquerque, N. M., Sept. 7.

New child welfare issues have been released by Yugoslavia and Turkey. Two Yugoslav stamps picture children at play on the seashore—two other values show children playing in the snow. Turkey's series of 10 values pictures a mother and child.

The Philippine Commonwealth has announced a new series of airmails in seven values. Philippine airmails have been overprints of regular issues.

Hungary has announced an issue of five values picturing King Matthias.

Lithuania's latest release pictures a kneeling woman, of the medieval period, releasing a dove.

What Do You Know About POLITICS?

1. What Democratic senator (above), declaring a third term was "fraught with peril to our free institutions," announced he would support Wendell L. Willkie?
2. Who made "take a walk" a political catch phrase and under what circumstances?
3. How many delegate votes did F.D.R. receive at Chicago? 624 1/2? 893 1/3? 946 1/2? 724 1/6?
4. True or false: F.D.R. was the third man to have been nominated three times by the Democratic party?
5. Who is older, and by how much—Willkie or Roosevelt?

Each full question counts 20. A score of 80 is good.

Arsenals Handicapped By Ancient Equipment, But Nearing 12,000 Garand Rifles a Month

These new photos show some of the operations involved in manufacturing the Garand rifle at Springfield arsenal in Massachusetts. Stocks are being shaped in the picture at left. At right, a worker is grinding barrels.

Here the barrel is being straightened. Assembling the rifle.

Col. G. H. Stewart, commander of the Springfield arsenal, and John C. Garand, inventor of the famous rifle that bears his name, look over the finished product.

BY MAJOR PAUL L. REED
NEA Service Special Correspondent

U. S. Army capacity for producing small arms—badly neglected before start of the new defense program—is expanding so rapidly that 12,000 rifles a month are in sight.

The arsenal situation as a whole, however, is not too good. Most equipment is old, has not been replaced or modernized since the World War. Many techniques are outmoded, and production "bottle-necks" hold up mass production.

Right now the Springfield Mass. arsenal is manufacturing 4,000 of the new semi-automatic M-1 or Garand rifles a month and this rate is being doubled immediately. Manufacture of the Garand utilizes all new equipment.

When production at the Winchester, Conn. private plant begins in October, the total will probably reach 12,000 or 13,000. And this does not take into account a third source to be added shortly, according to Chief of Staff Marshall.

The Springfield arsenal—keeping abreast of best manufacturing methods—has set pattern for other U. S. arms plants.

A small arms plant first established there in 1777 at the insistence of Col. Henry Knox, chief of artillery in Washington's army. From the beginning muskets were the principal product. The famous Springfield rifle, Model 1903, was developed and built there.

Interchangeable parts manufacture, now commonplace, was first applied to army rifles at Springfield. The arsenal there is a testing laboratory and a standard of gauge of precision parts manufacture.

Equipment at Springfield for the manufacture of machine guns and pistol parts clearly shows the effect of periodic buying and long neglect. Except for World War equipment, most heavy metal working tools are obsolete.

From 1925 to 1934 only four new machines were added to more than 1000 tools. Since 1934 approximately 275 tools have been introduced, but many operations have time or precision "bottle-necks" because continued use of inadequate equipment is necessary.

Watervliet arsenal in New York state is the gun factory of the Ordnance Department. It does all machining work on the army's big gun barrels and finishing operations on the 3-inch anti-aircraft gun barrels. All breech mechanisms are made there.

A good deal of modern equipment has been added for anti-aircraft gun work, but 80 per cent of the machine tools are more than 20 years old. Principal value of this arsenal to the defense program is to furnish small groups of highly trained workers to the industrial shops which will build field guns and the new anti-aircraft guns.

Watervliet arsenal in Pennsylvania manufactures small arms and artillery ammunition and fire-control instruments. Small arms manufacturing facilities are good, particularly for making 50 caliber cartridges for machine guns. Some efficient new machines have been installed for operations necessary in machining shell cases.

Watertown, Mass., arsenal builds coast defense guns and constructs mounts and does the rough work on the barrels of 3-inch anti-aircraft guns, which are then finished at Watervliet.

Watertown arsenal's equipment is large and nearly 85 per cent of it more than 20 years old. Facilities for the anti-aircraft gun provide for only one gun at a time. Most of the army's three-inch anti-aircraft guns have been made by a private manufacturer.

Facilities for the new 37 and 90 mm. anti-aircraft guns are not yet available, but specifications are in the hands of several private manufacturers, and building will have priority in the armament program.

Picatinny arsenal in New Jersey does two jobs—it manufactures powder and loads shells. The powder plant, while small, has been able to maintain the most modern processes.

Shell loading, unlike most armament processes, remain largely a hand operation. This is a serious bottleneck in large scale manufacture.

Picatinny, newest of our arsenals is fairly well equipped. Rock Island, Ill., only arsenal not in the northeastern quarter of the nation, does two types of work. It builds tanks, armored cars and gun mounts. And it does redesigning and modernizing.

Welding fabrication to lighten gun carriages and mounts has been an outstanding example of this work. Because of World War construction, Rock Island is capable of tremendous expansion.

The financial report was read and showed a balance of \$1,263.84 in the treasury, July 1st.

Floyd R. Potter of Warren was elected as teacher in the 7th and 8th grades for the coming year. The school calendar was adopted with the opening date set for September 3rd.

It was voted to change the regular meeting night to the first Monday of each month, beginning September 2nd.

Mr. and Mrs. Elmer Thompson, Mr. and Mrs. Walter Thompson, Mr. and Mrs. John Stanton, Mr. and Mrs. Paul Stanton, Mr. and Mrs. Harry B. Nelson attended the Car-Harry reunion at the Spencer farm in Kiantone on Sunday.

Sunday guests of Mr. and Mrs. Harry Ludwick were Mr. and Mrs. Frank Lord of Buffalo.

Arsenals Handicapped By Ancient Equipment, But Nearing 12,000 Garand Rifles a Month

These new photos show some of the operations involved in manufacturing the Garand rifle at Springfield arsenal in Massachusetts. Stocks are being shaped in the picture at left. At right, a worker is grinding barrels.

Here the barrel is being straightened. Assembling the rifle.

Col. G. H. Stewart, commander of the Springfield arsenal, and John C. Garand, inventor of the famous rifle that bears his name, look over the finished product.

BY MAJOR PAUL L. REED NEA Service Special Correspondent

U. S. Army capacity for producing small arms—badly neglected before start of the new defense program—is expanding so rapidly that 12,000 rifles a month are in sight.

The arsenal situation as a whole, however, is not too good. Most equipment is old, has not been replaced or modernized since the World War. Many techniques are outmoded, and production "bottle-necks" hold up mass production. The army has only six arsenals.

Right now the Springfield, Mass., arsenal is manufacturing 4000 of the new semi-automatic M-1 or Garand rifles a month and this rate is being doubled immediately. Manufacture of the Garand utilizes all new equipment.

When production at the Winchester, Conn., private plant begins in October, the total will probably reach 12,000 or 13,000. And this does not take into account a third source to be added shortly, according to Chief of Staff Marshall.

The Springfield arsenal—keeping abreast of best manufacturing methods—has set a pattern for other U. S. arms plants.

A small armory was first established there in 1777 at the insistence of Col. Henry Knox, chief of artillery in Washington's army. From the beginning muskets were the principal product. The famous Springfield rifle, Model 1903, was developed and built there.

Interchangeable parts manufacture, now commonplace, was first applied to army rifles at Springfield. The arsenal there is a testing laboratory and a standard or gauge of precision parts manufacture.

Equipment at Springfield for the manufacture of rifles, machine guns and pistol parts clearly shows the effect of periodic buying and long neglect. Except for World War equipment, most heavy metal working tools are obsolete.

From 1925 to 1934 only four new machines were added to more than 1000 tools. Since 1934 approximately 275 tools have been introduced, but many operations have time or precision "bottle-necks" because continued use of inadequate equipment is necessary.

Watervliet arsenal in New York state is the gun factory of the Ordnance Department. It does all machining work on the army's big gun barrels and finishing operations on the 3-inch anti-aircraft gun barrels. All breech mechanisms are made there.

A good deal of modern equipment has been added for anti-aircraft gun work, but 80 per cent of the machine tools are more than 20 years old. Principal value of this arsenal to the defense program is to furnish small groups of highly trained workers to the industrial shops which will build field guns and the new anti-aircraft guns.

Frankfort arsenal in Pennsylvania manufactures small arms and artillery ammunition and fire-control instruments. Small arms manufacturing facilities are good, particularly for making .50 caliber cartridges for machine guns. Some efficient new machines have been installed for operations necessary in machining shell cases.

Watertown, Mass., arsenal builds coast defense guns and constructs mounts and does the rough work on the barrels of 3-inch anti-aircraft guns, which are then finished at Watervliet.

Watertown arsenal's equipment is large and nearly 85 per cent of it is more than 20 years old. Facilities for the anti-aircraft gun provide for only one gun at a time. Most of the army's three-inch anti-aircraft guns have been made by a private manufacturer.

Facilities for the new 37 and 90 mm. anti-aircraft guns are not yet available, but specifications are in the hands of several private manufacturers, and building will have priority in the armament program.

Picatinny arsenal in New Jersey does two jobs—it manufactures powder and loads shells. The powder plant, while small, has been able to maintain the most modern processes.

Shell loading, unlike most armament processes, remain largely a hand operation. This is a serious bottleneck in large scale manufacture.

Picatinny, newest of our arsenals, is fairly well equipped.

Welding fabrication to lighten gun carriages and mounts has been an outstanding example of this work. Because of World War construction, Rock Island is capable of tremendous expansion.

West Hickory

West Hickory, July 31.—There will be no church services in the Methodist church here till Sept. 11th, as the pastor is enjoying a short vacation.

Among those from here who attended the firemen's parade in Marienville on Friday evening, were Oscar Johnson, Bernard Cook, Mr. and Mrs. Larry Maze and son David, Mr. and Mrs. Leonard Maze.

Mr. and Mrs. Wilber Baker and children, Mr. and Mrs. Carl Han-nan and family were among those who attended camp meeting at Pleasantville on Sunday.

Thursday dinner guests of Mrs. S. J. Williams were Mrs. Jerome Paul of Philadelphia, Mrs. Lee Zeigler, of Kelley Hill, and Mrs. Larry Maze, of this place.

Helen Lewis and son Billy are visiting at the home of her brother's family, Mr. and Mrs. George Lewis at Stoneboro, Pa.

David Maze spent the weekend with his cousin Perry Stover at Whig Hill, returning home on Monday morning.

Friends of Mrs. Leonard Linder will be sorry to hear she is a patient in the Warren General Hospital.

Miss Theadora Jones and Betty Hinkle were Wednesday evening dinner guests of Miss Betty Fitzgerald.

Mr. and Mrs. Bert Winger and family, of Gowanda, N. Y., spent the weekend with relatives at this place.

Mrs. L. E. Fitzgerald left on Saturday for a visit with her daughter at Hamburg, N. Y.

Mrs. Tedd Nuttal and daughters Elizabeth, and Wilma Mae, Miss Wilma Copeland and Harry Williams were callers in Warren on last Thursday.

Miss Lena Linder and the Misses Millie and Joann Welsh, of Youngsville, are visiting at the home of their grandmother Mrs. Charles Sartori.

Mr. and Mrs. Arthur Stover and children of Whig Hill were Saturday evening callers at the George Norton home.

John Williams and Eugene White were business callers in Tidouite on Saturday evening.

Mrs. George Lewis spent last Saturday at the home of her daughter Mrs. Raymond Sager and family of Tidouite.

H. H. Smith returned home on Monday after spending the week end with his family in Ridgway.

Mrs. Burnside left on Friday to spend a short time with her daughter Mrs. Allison Lewis at Titusville, Pa.

Fruit Tid-Bits Add Interest and Color to Baked Goods

Pitted Prunes Are Economical for Cookies

BY MRS. GAYNOR MADDON
NEA Service Staff Writer

Dried fruits add interest and vitamins to your cookie jar. And a butterless-eggless cake takes some of the worry out of your food budget and puts lots of good eating into it at the same time.

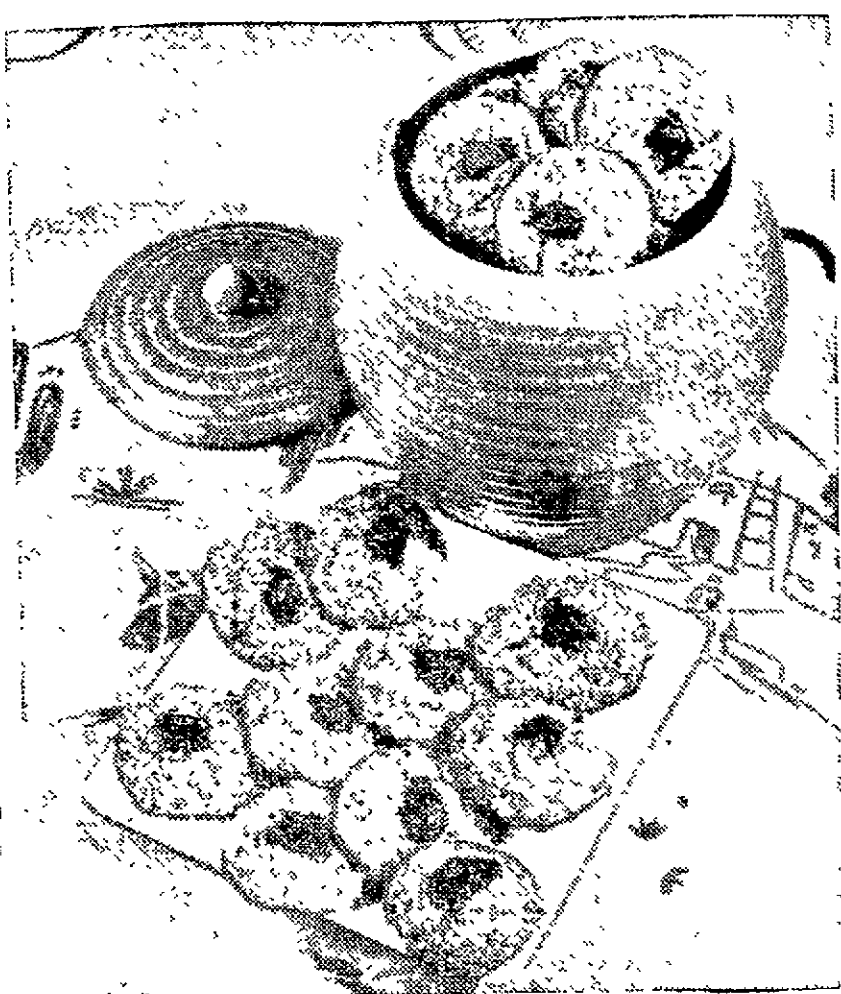

FRUIT-OATIES

One and three-fourths cups cooked prunes, 1 cup butter, 2 cups granulated sugar, 1 cup honey, 2 eggs, 1 cup sifted all-purpose flour, 1/2 teaspoon salt, 1 teaspoon soda, 2 teaspoons cinnamon, 5 1/2 to 6 cups quick-cooking oats, 2/3 cup chopped walnut meats.

Pit one cup prunes and cut into small pieces. Cream butter, add sugar and cream thoroughly. Add honey and eggs and mix. Add beaten eggs and beat. Add flour sifted with salt, soda and spice, and mix. Add oats and nuts and stir until well blended. Drop in small mounds on greased cookie sheets.

Pit remaining 3/4 cup prunes, cut into pieces (about 5 to the prune) and place a piece on top of each cookie. Bake in a moderate oven (375 to 385 degrees F.) 13 to 15 minutes. Bake a few more oats, as size of eggs and moisture in prunes may vary slightly.

Makes approximately five dozen medium-sized cookies.

Prune cookies rate high with the youngsters.

Society News

HORACE BRYNOLFSON WILL BE SOLOIST
Horace Brynolfson, studying voice in New York for the past year or more, will return to Warren to be the guest soloist on Sunday at the morning worship service in Grace Methodist church.

His solo chosen for the service held at eleven o'clock, will be "My Hope Is in the Everlasting," by Stainer.

His parents, of Cory, will accompany him to Warren and all will be guests at the home of Mr. and Mrs. M. G. Klinefelter, Irvine street.

CALLERS HERE
Mr. and Mrs. Karl Phillips, of Atlanta, Ga., were callers this week at the home of Clara Lath, 430 Pennsylvania avenue, west.

En route north, they visited friends in Kalamazoo, Mich., Detroit, Mich., and Cleveland, O. They have been renewing old acquaintances in Youngsville and will spend a few days at Chautauqua before returning to Atlanta.

KANE BRIDES-ELECT HONORED AT PARTY
According to the Kane Republican of Wednesday, Miss Katherine Longshore, whose marriage to David Smith, of Warren, will take place in September, and Miss Henrietta, whose marriage to Richard Whiting will be an August event, were the honor guests at a luncheon given Tuesday at Kane Manor by Mrs. Hman J. Cohn.

ERICKSON-BODDORF MARRIAGE IN KANE
Announcement is made of the marriage of Mrs. Margaret E. Boddorf, of Kane, and Chester Erickson, of Warren, which took place at eight o'clock Tuesday evening in the parsonage of the First Methodist church of Kane.

Mr. and Mrs. Erickson will make their home here.

PLANS VACATION
Mrs. Alfred Carlson, 216 Oneida avenue, expects to vacation next week near Warren and her beauty shop will be closed from August 5 to 12.

Family Reunions
The 24th annual reunion of the descendants of Darius John and Joseph Mead was held at Island Park in Youngsville on Thursday, July 24, with over 60 relatives present for the bountiful picnic dinner at 1:30 o'clock.

The business meeting was in charge of the president, Mrs. Alice Barton. Following routine reports, these officers were elected: President, Mrs. Lucy Chaffee, Pittsfield; vice president, Robert L. Mead, Youngsville; secretary, L. Mead, Youngsville; treasurer, Mrs. Willis Kinney, Youngsville.

Greetings were read from relatives in California, Illinois, Oklahoma, New York and Pennsylvania. A violin selection, "The Old Rugged Cross," was beautifully played by Donald Eddy. As an encore he played "Perpetual Motion."

After the business meeting, all gathered at the site of the Mead memorial for the dedication exercises. This program in detail was given in a previous issue of the Times-Mirror.

I ENJOY MORE RELIEF THAN IN YEARS AND THANK VENDOL

Tank Car repairman was bothered with gas in stomach, "heartburn", acid risings, cramps associated with constipation. Advises others try this medicine.

"It was a great satisfaction to get such relief from my troubles, but Vendol was highly recommended to me so it really wasn't much of a surprise, and now I can recommend it to others," said Mr. Ray R. Lyle, of 5 Plum street Warren, member of Grace M. E. church and substantial employee of the Warren Tank Car Company.

"My troubles were associated with constipation and seemed after every meal I'd have 'heartburn', sour stomach gas bloating and my nerves were so ruffled that I seldom enjoyed much restful sleep. But Vendol relieved the constipation, giving the finest most complete action I'd known for a long time then I felt like a different person. It is fine medicine and I want to express my thanks to it."

Vendol is truly a fine medicine and has done wonders of good all over this city and nearby vicinity. So, if you are in search for

relief from the same troubles, why not give Vendol a trial? We don't say that Vendol will save you from the grave or that advanced cases that should be treated by a physician will be relieved, but if you are constipated or need a mild cathartic action on your kidneys and this condition brings on other troubles, you'll find Vendol a big help.

Vendol is sold by all leading druggists, and is highly recommended here by Miller's Cut Rate Drug Store.

50 CARS IN TOUR

Fifty cars were in the Warren county farm tour yesterday, the farmers inspecting the Crawford county district under the leadership of County Agents O. C. Tritt and C. D. Sprout.

HELD FOR THEFT

John Ring, 35, alias John Rany and Ed McAvoy, arrested at Oil City Wednesday for the alleged theft of \$750 from the Hanna commissary at Tionesta dam on July 10, is being held in the Forest county jail and will face a larceny charge when arraigned before Justice of the Peace D. H. Blum. Police said Ring had been given \$750 to deposit in a Tionesta bank for the commissary and had not been seen until his arrest in Oil City.

BEEKEEPERS' PICNIC

Warren county beekeepers will be interested in the program for the Northwestern Pennsylvania Beekeepers' picnic which will be held at Canadota Lake, Thursday, August 8. A get-acquainted hour will be held between 10:00 and 11:00; at 11:00 a demonstration of electric embedding; 11:30-12:00, question box; noon, basket lunch; 1:30, discussion of comb honey and a brief discussion on wintering of bees by E. J. Anderson and Russell Smith; 2:00, talks by guests; 2:30, games and prizes.

TO CONFERENCE

Police Chief George F. Haehn is in Bradford today attending a conference of police chiefs of this section which will be addressed by S. K. McKee, special agent of the F. B. I. in Pittsburgh. McKee will instruct the officers on steps to be taken in combating subversive activities and will ask for complete cooperation of local departments in the present emergency. The F. B. I. agent addressed chiefs of police of the Erie district yesterday, asking cooperation on tracking down instances of espionage, sabotage and other subversive acts.

CONFISCATES MACHINES

Sheriff Hagerty of Forest county has confiscated seven slot machines and a paddle wheel taken at the Forest Festival celebration in Marienville last Thursday. Sergeant Mullaney, of the Kane substation, of motor police, nabbed the machines, which were nickel, dime and quarter machines. It is alleged by the officer that the machines were placed there by H. V. Phillips, of Jamestown, and a hearing is to be held before Justice D. H. Blum when the officer brings Phillips to Tionesta. Phillips was arrested in Warren last year for possession of a slot machine.

SOCIETY

Local Women Golfers Invited to Kane Open; Play Team Match With Moon Brook Thurs.

Women golfers of the Conewango Valley Country Club are in receipt of both club and individual invitations to participate in the fourth annual women's open tournament at Kane on Tuesday, August 13.

Invitations received yesterday were among 125 issued for the competition, which recorded last year the biggest entry list of any woman's tournament in the state. The tourney will get under way at ten o'clock, DST, with the low handicap players the first to tee off for the 18 holes of medal play. Handicaps from 1 to 28 will be accepted and there will be prizes for the three low gross players as well as for those turning in the three low net scores.

Mrs. J. H. Heim led the field of 74 players last year, although a play-off with Mrs. Roland Carles was necessary before she was declared the winner. Mrs. Heim also won the 1937 and 1938 tournaments.

Many Will Attend Knapp and Anderson Wedding on Saturday

Quite a number of Warren relatives and friends will be in Grove City tomorrow for the wedding of Miss Mary M. Anderson, member of the local high school faculty, and Lyle G. Knapp, also of Warren.

These will include the following who left today: Mr. Knapp, Miss Guevere Knapp, Mr. and Mrs. Martin Schaeffer, Robert Sandblat and Mr. and Mrs. Harry Clepper. Mr. and Mrs. C. S. Knapp, Jackson avenue, will leave tomorrow to be present for their son's wedding.

Other members of the bridal party will include the bride's sister, Miss Eleanor Jane Anderson, of Grove City, and Mrs. Eleanor Lary, of Pittsburgh.

The ceremony uniting Miss Anderson, daughter of Mrs. H. L. R. Anderson, of Grove City, and Mr. Knapp will be performed in the Harrison Chapel on the Grove City campus.

Tidioute Man Weds Girl From Meadville

A wedding which took place at nine o'clock Thursday morning in the rectory of St. Brigid's Roman Catholic church in Meadville, is of interest locally. At that time Father Griffin united in marriage Miss Gail Clancy, daughter of Mr. and Mrs. William Clancy, 633 1/2 North Main street, Meadville, and Harold Mowris, son of Mr. and Mrs. O. T. Mowris, of Tidioute.

Attending the couple were Miss Pauline Clancy and Jack Clancy, sister and brother of the bride. For her wedding, Miss Clancy chose a street-length redingote of chausseur chiffon, with white accessories and a shoulder corsage of pink and white Johanna Hill roses. Her maid of honor wore a street-length frock of olive green chiffon, white accessories and a corsage of pink roses.

After the ceremony, a wedding luncheon was served at the bride's home, with places for eight at the bride's table.

Mr. and Mrs. Mowris have left for a wedding trip to Washington, D. C. and to the fair in New York. The bride has been employed for the past two and one-half years by Reed, Tears and Company, investment firm. Mr. Mowris is an employee of the Asplundh Tree Expert Company of Philadelphia. He was graduated from Hunter Memorial High School in Tidioute in 1935 and his bride was in the previous year's class at Meadville's high school.

Out of town guests attending the wedding were Mr. and Mrs. O. T. Mowris, of Tidioute; Mr. and Mrs. R. Rudolph and Miss Sybil Mowris, of Warren; Mr. Jackson, of Endeavor.

Two to Four Years of COLLEGE

When a young man or woman aspires to the Medical profession, it is necessary that a solid groundwork of education be laid, on which to build scientific knowledge. After high school, two to four years of college preparation is required for entrance to Medical Schools. Entrance requirements are becoming more rigid each year.

During these pre-medical school years, the embryonic doctor majors in studies bearing directly on his medical training, such as Latin, chemistry, biology, physiology and physics.

She has played on the local course many times and is a regular member of the Wanango team which has scored so many successes in Pittsburgh play. Mrs. Carles, last year's runner-up, has played on the local team on many occasions and was local club champion one season.

It is thought likely that a number from here will take part in the Kane competition.

The Conewango women played a splendid team match on Thursday against the Moon Brook Country Club women at Jamestown, N. Y., losing 10½ to 16½. Miss Betty Jane Branch won low net for the day and Mrs. Harold Banghart held low gross score.

Individual players and points were as follows: Stafford 2½-Banghart 1½; Brandel 1½-Beatty 1½; Chilson 3-McLachlan 0; Miller 1½-Hoye 2½; Ruland 1½-B. J. Branch 1½; Sherman 0-Keller 3; Denney 1½-Chapman 1½; Hough 3-Mrs. Plumer Printz 0; Steele 3-Mrs. Edward Walker 0.

Laura S. Betts Is Given Kitchen Party

Mrs. James Cruickshank and Mrs. Robert Cogswell honored Laura S. Betts with a kitchen shower last evening at the home of the former in North Warren.

The local girl will become the bride of Vernon Lee, of Jamestown, N. Y., on Saturday, August 10.

After a pleasant evening of bridge, prizes were awarded to Miss Audrey Mickelson for high score and to Mrs. Richard Fox for consolation.

A late luncheon was served and the bride-elect was showered with useful gifts from the following: The Misses Audrey Mickelson, Rita Guthrie, Gladys Gray, Ardelle Johnson, Mrs. Martin Schaeffer, Mrs. Harry Clepper, Mrs. Richard Fox, Mrs. Charles McCarty, Mrs. Cogswell, Warren; Mrs. Ward Eckdahl, Jamestown, N. Y., and Mrs. Cruickshank.

Mary Lou McCutchen Given Linen Shower

Miss Elizabeth Lopez and Mrs. Emerson Baxter entertained at the home of the latter, 226 Onida avenue, last evening, giving a linen shower party which complimented Miss Mary Lou McCutchen.

Miss McCutchen, daughter of Mr. and Mrs. Fred H. McCutchen, 310 Hazel street, is to become the bride of Morgan L. West, Jr., Lancaster, on Monday, August 5, in a simple ceremony performed at the bride's home.

Bridge prizes for the evening went to Miss Kathryn Stead for high score and to Miss Virginia Kopf for second. Garden flowers centered the table for a late luncheon.

Guests besides those mentioned were Miss Margaret Hansen, Miss Margaret McCutchen and Miss Margaret Akers.

FOREIGN AGENTS AT CANAL Zone to be Deported
(From Page One)
played on fire control equipment in the Canal Zone.
Leopoldo Arosemena, Panama's minister of interior and acting foreign minister, said at Panama that the 81 persons held for deportation were mostly European "refugees."
They were picked up and turned over to Canal Zone officials, he said, when it was found their papers were not in order. Their point of entry, he explained, had been through the Canal Zone.
Steamship lines responsible for leaving the refugees in the Canal Zone, informed sources said, may be required to return them, but difficulty was expected because the war has stopped operations of some European lines.
At Cristobal, Canal Zone naval officials announced that four United States destroyers had been stationed near the Atlantic and Pacific entrances to the Canal to replace ships sent to the United States for overhauling. The identity of the relief destroyers was not disclosed.

WIFE OF EDITOR

Mrs. Charles B. Hollinger, of Erie, wife of the Dispatch-Herald's feature editor, who died yesterday, will be buried at Lancaster, where she was secretary and treasurer of the Women's Humane League for many years.

GIRLS INJURED

While an automobile was being towed along the highway near Erie, its brakes locked, upsetting it on three girls walking by. The most seriously hurt was Joan Amber, 17, both of whose legs were fractured.

THREE SENTENCED

Alderman Ben Barry, of Farrell, a newspaper man in Warren twenty years ago, held three Farrell men for court after they pleaded guilty to the \$25 holdup of a gasoline station in Shemango township last March. They were booked as Ralph Russo, 20, Albert Grande, 20, and Andrew Smith, 22.

UNION CITY FATALITY

Struck by a gasoline car carrying P. R. R. maintenance workers while walking along the tracks near the Bridge street crossing at Union City about 3:30 o'clock Wednesday afternoon, Michael Downs, 69, well known resident of Union City, sustained injuries which caused his death at the Union City Hospital at 6:25 o'clock yesterday morning. It was said that Downs, who was very deaf, stepped directly into the path of the car.

POOR MEMORY

According to the Corry Journal, a Warren motorist reported to police at Corry Wednesday evening that his automobile, which he left parked between the Elks' club and the Hotel Corry on North Center street, had been stolen. Subsequent search by officers disclosed the car parked on Center street, just north of Washington. The owner was advised and recalled having moved the machine from its original parking space.

Alaska's timber is confined principally to the Tongass and Chugach forest reservation. The Tongass, located in the southeastern part, contains about 30,000 square miles.

NEW EMPLOYEES STARTS Work This Week at Penn Electric Co.

The local office of the Pennsylvania Electric Company welcomed a new employee this week in the person of Elbert Miller, of Corry, who assumed yesterday his new duties as continued property recorder representative, succeeding Arthur Kirby, who recently went to Erie.

Mr. Miller is commuting between Warren and Corry for the present, but expects to take up residence here in the near future. It is likely that his mother will accompany him to Warren to make her home.

On Tuesday night of this week Mr. Miller was complimented at a farewell party given by fellow employees in the Corry office of the Pennsylvania Electric Company. The party was held at the home of Mr. and Mrs. C. M. Howard at Findley Lake, N. Y., and Mr. Miller was presented a gift on behalf of the group.

LAKE PORTS STRIKE

Cleveland, Aug. 2.—(P)—Three Great Lakes vessels tied up in different ports today by a strike of National Maritime Unionists seeking contracts with operators. Hayes Jones, NMU organizer, said the ships were the first bulk freighters on the lakes to be affected by a contract dispute which he attributed to refusal of operating companies to negotiate.

Local Women Golfers Invited to Kane Open; Play Team Match With Moon Brook Thrus.

Women golfers of the Conewago Valley Country Club are in receipt of both club and individual invitations to participate in the fourth annual women's open tournament at Kane on Tuesday August 13.

Invitations received yesterday were among 125 issued for the competition, which recorded last year the biggest entry list of any women's tournament in the state. The tournament will get under way at ten o'clock, EST, with the low handicap players the first to tee off for the 18 holes of medal play. Handicaps from 1 to 25 will be accepted and there will be prizes for the three low gross players as well as for those turning in the three low net scores.

Mrs. J. H. Heim led the field of 74 players last year, although a play-off with Miss Roland Carles was necessary before she was declared the winner. Miss Heim also won the 1937 and 1938 tournaments.

She has played on the local course many times and is a regular member of the Wanago team which has scored so many successes in Pittsburgh play. Mrs. Carles, last year's runner-up, has played on the local team on many occasions and was local club champion one season.

It is thought likely that a number from here will take part in the Kane competition.

The Conewago women played a splendid team match on Thursday against the Moon Brook Country Club women at Jamestown, N. Y., losing 10½ to 16½. Miss Betty Jane Branch won low net for the day and Mrs. Harold Banghart held low gross score.

Individual players and points were as follows: Stafford 2½; Banghart 1½; Brandel 1½; Beaty 1½; Chilson 3-McLachlan 0; Miller 2-Hoye 2½; Ruland 1½-B. J. Branch 1½; Sherman 0-Keller 3; Denney 1½-Chapman 1½; Hough 3-Mrs. Plumer Printz 0; Steele 3-Mrs. Edward Walker 0.

Many Will Attend Laura S. Betts Is Knapp and Anderson Wedding on Saturday

Quite a number of Warren relatives and friends will be in Grove City tomorrow for the wedding of Miss Mary M. Anderson, member of the local high school faculty, and Lyle G. Knapp, also of Warren.

These will include the following who left today: Mr. Knapp, Miss Genevieve Knapp, Mr. and Mrs. Martin Schaeffer, Robert Sandblade and Mr. and Mrs. Harry Clepper. Mr. and Mrs. C. S. Knapp, Jackson avenue, will leave tomorrow to be present for their son's wedding.

Other members of the bridal party will include the bride's sister, Miss Eleanor Jane Anderson of Grove City, and Mrs. Eleanor Lamy of Pittsburgh.

The ceremony uniting Miss Anderson, daughter of Mr. H. L. R. Anderson of Grove City, and Mr. Knapp will be performed in the Harbison Chapel on the Grove City campus.

Tidioute Man Weds Girl From Meadville

A wedding which took place at nine o'clock Thursday morning in the rectory of St. Bridget's Roman Catholic church in Meadville, is of interest locally. At that time Father Griffin united in marriage Miss Gail Clancy, daughter of Mr. and Mrs. William Clancy, 653½ North Main street, Meadville, and Harold Mowris, son of Mr. and Mrs. O. T. Mowris, of Tidioute.

Attending the couple were Miss Pauline Clancy and Jack Clancy, sister and brother of the bride. For her wedding, Miss Clancy chose a street-length redingote of champagne chiffon with white accessories and a shoulder corsage of pink and white Johanna Hill roses. Her maid of honor wore a street-length frock of olive green chiffon, white accessories and a corsage of pink roses.

After the ceremony, a wedding luncheon was served at the bride's home, with places for eight at the bride's table.

Mr. and Mrs. Mowris have left for a wedding trip to Washington, D. C. and to the fair in New York. The bride has been employed for the past two and one-half years by Reed, Tears and Company, investment firm. Mr. Mowris is an employee of the Aspland Tree Export Company of Philadelphia. He was graduated from Hunter Memorial High School in Tidioute in 1937 and his bride was in the previous year's class at Meadville's high school.

One of town guests attending the wedding were Mr. and Mrs. O. T. Mowris of Tidioute; Mr. and Mrs. R. Rudolph and Miss Sybil Mowris of Warren; Mr. Jackson, of Endeavor.

Two to Four Years of COLLEGE

When a young man or woman aspires to the Medical profession, it is necessary that a solid groundwork of education be laid, on which to build scientific knowledge. After high school, two to four years of college preparation is required for entrance to Medical Schools. Entrance requirements are becoming more rigid each year.

During these pre-medical school years, the embryonic doctor majors in studies bearing directly on his medical training, such as Latin, chemistry, biology, physiology and physics.

TO CONFERENCE

Police Chief George F. Haehn is in Bradford today attending a conference of police chiefs of this conference which will be addressed by S. K. McKee, special agent of the F. B. I. in Pittsburgh. McKee will instruct the officers on steps to be taken in combating subversive activities and will ask for complete cooperation of local departments in the present emergency. The F. B. I. agent addressed chiefs of police of the Erie district yesterday, asking cooperation on tracking down instances of espionage, sabotage and other subversive acts.

CONFISCATES MACHINES

Sheriff Hagerty of Forest county has confiscated seven slot machines and a paddle wheel taken at the Forest Festival celebration in Meadville last Thursday. Subsequent Mulvaney of the Kane sub-station of motor police nabbed the machines, which were nickel, dime and quarter machines. It is alleged by the officer that the machines were placed there by H. V. Phillips, of Jamestown, and a hearing is to be held before Justice D. H. Blum when the officer brings Phillips to Tionesta. Phillips was arrested in Warren last year for possession of a slot machine.

Fruit Tid-Bits Add Interest and Color to Baked Goods

Pitted Prunes Are Economical for Cookies

BY MRS. GAYNOR MADDON
NEA Service Staff Writer
Dried fruits add interest and vitamins to your cookie jar. And a butterless-eggless cake takes some of the worry out of your food budget and puts lots of good eating into it at the same time.

FRUIT-OATIES

One and three-fourths cups cooked prunes, 1 cup butter, 2 cups granulated sugar, 1/4 cup honey, 2 eggs, 1 cup sifted all-purpose flour, 1/2 teaspoon salt, 1 teaspoon soda, 2 teaspoons cinnamon, 5 1/2 to 6 cups quick-cooking oats, 2/3 cup chopped walnut meats.

Pit one cup prunes and cut into small pieces. Cream butter, add sugar and cream thoroughly. Add honey and prunes, and mix. Add beaten eggs and beat. Add flour sifted with salt, soda and spice, and mix. Add oats and nuts and stir until well blended. Drop in small mounds on greased cookie sheets.

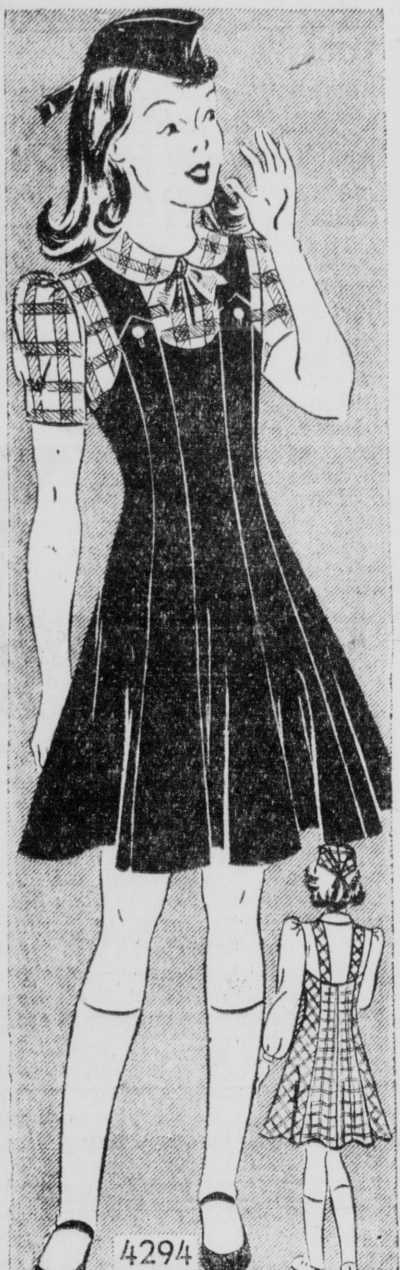

Pit remaining 3/4 cup prunes, cut into pieces (about 5 to the prune) and place a piece on top of each cookie. Bake in a moderate oven (375 to 385 degrees F.) 13 to 15 minutes. Bake a test cookie; if necessary, add a few more oats, as size of eggs and moisture in prunes may vary slightly.

Makes approximately five dozen medium-sized cookies.

Prune cookies rate high with the youngsters.

LASSIE JUMPER AND CAP OUTFIT

PATTERN 4294

By ANNE ADAMS

There's one thing that no truly smart schoolgirl can do without for the new term—and that's a jumper! This most beloved of young-world modes is shown in a spirited new Anne Adams Pattern, 4294. Style will "go to her head" in a jaunty two-piece scotch cap. The jumper itself is made in simple princess style with no shoulder seams in the straps. There's a fresh long or short sleeved blouse too. Why not stitch up two different outfits? Have one in rayon or wool plaid with bias for the straps, center front and sides of the jumper and the band of the cap. Then make another style in, say, black, wine or green velvet.

Pattern 4294 is available in girls' sizes 6, 8, 10, 12 and 14. Size 12, jumper and cap, takes 3 1/2 yards 35 inch fabric; blouse, 1 1/2 yards contrast.

I ENJOY MORE RELIEF THAN IN YEARS AND THANK VENDOL.

Tank Car repairman was bothered with gas in stomach, "heartburn", acid risings, cramps associated with constipation. Advises others try this medicine.

"It was a great satisfaction to get such relief from my troubles, but Vendol was highly recommended to me, so it really wasn't much of a surprise, and now I can recommend it to others," said Mr. Ray R. Lyle, of 5 Plum street, Warren, member of Grace M. E. church and substantial employee of the Warren Tank Car Company.

"My troubles were associated with constipation and seemed after every meal I'd have 'heartburn', sour stomach, gas bloating and my nerves were so ruffled that I seldom enjoyed much restful sleep. But Vendol relieved the constipation, giving the finest, most complete action I'd known for a long time, then I felt like a different person. It is fine medicine and I want to express my thanks to it."

Vendol is truly a fine medicine and has done worlds of good all over this city and nearby vicinity. So, if you are in search for

relief from the same troubles, why not give Vendol a trial? We don't say that Vendol will save you from the grave or that advanced cases that should be treated by a physician will be relieved, but if you are constipated or need a mild diuretic action on your kidneys and this condition brings on other troubles, you'll find Vendol a big help.

Vendol is sold by all leading druggists and is highly recommended here by Miller's Cut Rate Drug Store.

Family Reunions

MEAD GATHERING

The 24th annual reunion of the descendants of Darius John and Joseph Mead was held at Island Park in Youngsville on Thursday, July 24, with over 60 relatives present for the bountiful picnic dinner at 1:30 o'clock.

The business meeting was in charge of the president, Mrs. Allie Barton. Following routine reports, these officers were elected: President, Mrs. Lucy Chaffee, Pittsfield; vice president, Robert L. Mead, Youngsville; secretary - treasurer, Mrs. Willis Kinneer, Youngsville.

Greetings were read from relatives in California, Illinois, Oklahoma, New York and Pennsylvania. A violin selection, "The Old Rugged Cross," was beautifully played by Donald Eddy. As an encore he played "Perpetual Motion."

After the business meeting, all gathered at the site of the Mead memorial for the dedication exercises. This program in detail was given in a previous issue of the Times-Mirror.

Philadelphia Pair Points for Tournay at Asbury Park

At the national tournament at Asbury Park, N. J., starting Monday, Aug. 5, I look for one pair to finish first or second in at least one of the major championships—Mrs. Benjamin M. Golder and Charles L. Solomon of Philadelphia. They have won a great many championships in the east, are fine players and have developed a fine partnership. Solomon is a life master. Mrs. Golder is a woman life master and hopes shortly to earn "full life master-ship."

In today's hand, Mrs. Golder looked ahead and saw that it might be necessary to give the opponents a chance to make a mistake. You must admit that it looked as if North and South would have no difficulty in defeating four spades.

The opening lead was won in dummy with the king. Although Mrs. Golder wanted to discard a club from dummy on her ace of diamonds, she did not make the mistake of cashing the diamond queen immediately, but led the

ten of hearts. South won with the queen and took the easy exit of a diamond. (The trump lead would set the contract.)

West won the diamond lead and led a heart for East to ruff. East played the ace of diamonds for a club discard, led a club to dummy's king and ruffed another heart.

Another club lead was won by South with the ace and a club returned. Dummy ruffed with the ace of spades and led the jack of hearts. North was down to four

trumps and had no play that would give him more than one trump trick.

YANKEES BOLSTERING; HILDEBRAND TRADED
 New York, Aug. 1.—(P)—The floundering New York Yankees made an effort to strengthen their pitching staff today by bringing up Right Hander Ernest Bonham from the Kansas City farm and sending Veteran Oral Hildebrand to the American Association club. Hildebrand has spent nine seasons in the American League, six with Cleveland and two with St. Louis before coming to the world champions at the close of the 1938 campaign in a deal that sent Joe Glenn and Myril Hoag to the Browns. He won ten and lost four last year for the Yanks, but this season he has never rated a starting call and has worked only infrequently in relief, winning one game and losing one.
 Bonham, who made the spring training trip with the Yankees, has won eight and lost four for Kansas City.

CONN REQUIRES TIME TO GROW AND PASTOR CAN'T BE MATCHED WITH LOUIS AGAIN, SO MIKE JACOBS SHOULD CALL WHOLE THING OFF UNTIL NEXT YEAR
 By HARRY GRAYSON
 NEA Service Sports Editor
 MIKE JACOBS, the promoter, and Joe Louis, the fighter, finally have reached a point where they have to call the whole thing off. That is the answer to Jacobs' cancellation of plans for another showing of Max Baer and Louis in September.
 Baer didn't want any more of Louis. New York wouldn't stand for it. Chicagoans resented an attempt to park a secondary affair in their midst. San Francisco wasn't interested.
 Jacobs now talks of sending young Billy Conn against Louis in the fall, but the light-heavyweight leader must first get over Bob Pastor in 15 rounds at the Polo Grounds, August 13.
 More than one competent judge doubts Conn's ability to do that.
 PASTOR is more formidable than most people imagine. Anything might have happened in Detroit a year ago had not Louis clipped the former New York University back right under the gun. In surviving three first round knockdowns, and coming on to stir up trouble before being belted out in the 11th, Pastor showed courage worthy of a finer setting.
 In Pastor, Conn is tackling something more than a Melio Bettina, Gus Lesnevich, Gus Dorazio or Henry Cooper. He is facing a speed burner as cagey as himself.
 Conn has put on some weight, but came in at no more than 173½ for his second edition with Lesnevich in Detroit in June.
 And if on that occasion he was trying to prove himself a suitable opponent for Louis this year, he was a disappointment.
 EXACTLY nothing happened when Conn slapped the slow-moving, slow-thinking Lesnevich all over the place in a blazing final round that saved the show.
 That was proof enough that the handsome Irishman couldn't dent Judge Landis' old felt hat with a mallet. And anybody who can't belt a bit has no business marching front and center with Louis, especially when he is conceding the heavyweight champion 20 pounds or more.
 Twice defeated . . . knocked out, Bob Pastor could not very well be sent against Joe Louis a third time.
 It would be a mistake not to allow Conn another year in which to grow into Louis' size and get a little power in his pokes.
 So it is best to call the whole thing off.

RIGGS CLASHES WITH KOVACS IN FEATURE MATCH

Southampton, N. Y., Aug. 2.—(P)—Tennis Doctor Frank Kovacs says that if you have trouble with your forehead, the best thing to do is bite your racket and that will teach the darned thing to behave.

If your bankhand won't work right, toss your racket as far as you can and then stroll leisurely over to pick it up. Dr. Kovacs doesn't know why this cure works, but he is satisfied that it does.

The young player from Oakland, Calif., has tried all these stunts and a good many others during the course of this summer's tournament play. Perhaps he wouldn't prescribe them for anyone else, but in his case they seem to relieve the tension of a hard match or to do something which enables him to settle down and play his best.

Other cures which Kovacs has been known to use:
 For trouble with your footwork, stop the match, call for scissors and cut your socks down to shorts; if you're already wearing shorts, take your socks off, bite the ball, punch a line in the nose, visit an adjoining court and match there, do anything—but for Pete's sake be funny.

Kovacs couldn't try all these remedies for erratic play yesterday, but his outbursts entertained the gallery more than once in the course of his tough match with George Toley of Los Angeles in the quarter final round of the Meadow Club invitation tournament. Six times in the second set Toley reached match point but Kovacs finally won 4-6, 14-12, 6-1. Perhaps it was Frank's antics that turned the trick, for Toley tightened up and lost his advantage on three occasions and Kovacs saved the other three by brilliant play that made up for previous poor showings.

He may have to invent some new remedies today when he faces National Champion Bobby Riggs in the semi-final. For Bobby, cool and methodical, hammered out a 6-4, 8-6 victory over Hank Prusoff of Seattle, who had him at match point during last week's Seabright tournament. In the other half of the draw, Elwood Cooke, 6-4, 6-4 winner over young Ted Schroeder of Glendale, Calif., takes on Don McNeill, who eliminated Frank Guernsey, 6-3, 6-2.

AKRON TOMORROW
 The National Forge will play at home tomorrow afternoon at three o'clock against Ohio's famous Akron Goodyears. The game will get underway at three o'clock.

Because of a death in the family of four of their players, the Olean-Allegany Nationals will be unable to play Sunday afternoon at the Forge, it was announced this morning.

The Wolfmen got right on the ball in the opening frame. Nagle got a life on Canterna's error, and James and Wolfe stroled to populate the sacks. Stanford replaced King on the hill for Vandergrift and was welcomed by Rosequist's screaming single down the left field line, Nagle and James scoring. Morrison was thrown out at first, Wolfe taking third and Rosey going to second from where they scored on "Red" Hajnik's sharp blow to center. Massa walked which ended Stanford's reign. Stanczak taking over and striking out Giegerich and Gagliardi.

The other Irvine run, in the seventh, Morrison walked with two gone and scored when Kelly threw wild to the plate after Hajnik's double.

BROOKLYN PEP TALK

SPORT SPATTERINGS

Twenty-four softball teams are entered in the first annual Penn-York tournament at Port Allegany, which is now well under way and attracting enormous crowds from that section. Warren's County's Restaurant, winner of the first half of the City League and well on its way toward annexing the second half gonfalon as well, is the only local club on the list and is scheduled to play its first game on August 11 against the Bolivar Refiners. In case the locals win, they go right into the quarter finals, to be played August 25. For the information of the Warren softball fans who would like to see some high class work on the small diamond, the Counts-Bolivar game is scheduled for four o'clock on the above date.

Our few paragraphs on the luke-warm attitude of local golfers toward tournaments and inter-club matches brought the answer from a half dozen or so linksmen that if a handicap system is set up another year, they'll be glad to go along and to get their golfing pals enthused, too. And as if to prove that we were as wrong as could be, we note that about half of the field at the Cory Country Club's one-day tourney was made up of Conecango Valley shotmakers. A couple of contestants got their first taste of tournament golf and are so enthusiastic that they'll probably be among the first to sign on the dotted line for the local championship.

Oldsters who remember the famous Billy Sullivan of the Chicago Hitless Wonders will be interested to learn that there is nothing to the story that the receiver advised his son and namesake never to catch. Billy Jr. blasted that old fable in an interview from the Detroit bench the other afternoon, just before he donned mask and shinguards to relieve Birdie Tebbetts behind the bat for the Tigers. Billy had never played anything but first base throughout his sandlot, school and college years, but Lew Posenka stuck him behind the bat when the youngster came up to the White Sox. Under Steve O'Neill at Cleveland in 1906, Billy hit his stride as a catcher, and the fact that he is dividing catching duties with Birdie Tebbetts, considered one of the best receivers in the game today is an indication that, although late in arriving, young William intends to make up for lost time.

You said it! . . . Sporting News' nice thumbnail sketch of Al Milnar, Cleveland hurler—"He throws left-handed and thinks right-handed." . . . When Jimmy Foxx was sent in to do the backstopping by Manager Joe Cronin Wednesday afternoon, it was not his first experience. . . . One year with the A's Jimmy did everything but carry water. . . . Pony League Note: Jamestown has released Meade Coyle, former Fordham University shortstop, although Coyle was recognized as one of the ablest shortfielders in the circuit. . . . Moral: Never slug your OWN manager. . . . Scott Smith, publisher of the Kane Republican, is back from northern Quebec in possession of the record gray trout from Seal Lake. . . . The trout was 28 inches long and weighed twelve and a half pounds, requiring 30 minutes to land. . . . One hundred and twenty-five women golfers have been invited to compete in the fourth annual Kane Women's Open tournament Tuesday, August 13. . . . Mrs. J. H. Heim won the tournament last year in a play-off with Mrs. Alice Carles. . . . Aside to Monty McClure: There's no way out of it—Yerg and Amy are ready.

Sports Roundup

BY JUDSON BAILEY
 Associated Press Sports Writer
 Schoolboy Rowe, who kept the Detroit Tigers on top of the American League in two glorious pennant years when he had one of the best arms in baseball, is still holding them up there.

For a while this spring no one knew whether the big fellow's right arm was well again. He opened the season with a five-hit triumph over Cleveland but his next venture saw him belted off the mound in the second inning.

Today his record of nine victories and two defeats is ample testimony that the Schoolboy is doing all right. The only pitcher in the American League with a better mark is Teammate Eucky Newsom, who has won 13 and lost two.

Rowe pitched seven-hit ball against the New York Yankees yesterday and batted in three runs with a triple and a double as the Tigers clawed the world championships 11-2.

The Red Sox took care of clipping Cleveland out of the leadership claim with a 5-2 victory and the Chicago White Sox nosed out the Athletics 5-4 in 11 innings to get its first taste of the rarified upper division air this year.

Jimmy Foxx, as usual, was the bellwether for Boston, hitting his 22nd homer of the season with one on in the sixth to put the Red Sox in front, where they were able to stay on the seven-hit pitching of Fritz Ostermuller.

Chiefly because Sam Chapman hit a two-run homer in the fifth, the A's kept in front of Chicago right up until the ninth inning, but the White Sox pestered Nelson Potter for one run here and another run there until he became so annoyed in the eleventh inning that he walked three men, forcing in the winning counter without the benefit of either a hit or an error.

The National League action was limited to one doubleheader in which the Brooklyn Dodgers cleaned up on the Pittsburgh Pirates, 8-3 and 8-7. The first game was all Whitlow Wyatt's as he coasted along on seven-hit flinging.

The second was notable for seven errors that kept the score seeing until Harry Lavagetto banged the deciding run around with a double in the seventh inning. Chiefly because Relief Pitcher Hugh Casey allowed no hits in the last four innings, the Pirates were held to six safeties, although Brooklyn used four hurlers.

Numerous RAF Raids

(From Page One)
The Italian high command likewise said the British submarine Oswald had been torpedoed and sunk and 52 of its crew of 55 taken prisoner.

The four-page leaflet, captioned "A Last Appeal to Reason by Adolf Hitler," fluttered down in the pre-dawn darkness in southern and southwestern parts of England. Air raid wardens and constables, hustling about with torches, gathered up the papers by the thousands.

The pamphlets contained extracts from Hitler's July 19 speech extending a peace feeler, and suggested that the British might not have been told what he said. Actually, his speech was widely published in England.

Bombs dropped by raiders were reported by the British government to have caused slight damage and "few" casualties.

Skeptical of German statements that invasion may be held off indefinitely in favor of bomb attacks and air and undersea blockade, British observers pointed out that the almanac indicates next Monday to Friday morning as the time high tides would favor attack. After that the favorable mornings would be from September 2 to 7.

The supreme Soviet was called to a second day session to act on admission to the Soviet Union of territories which extend the Soviet frontier from ice-free ports in the Baltic to the Danube river.

Up for admission are Latvia, Lithuania and Estonia, and the former Rumanian territory of Bessarabia and northern Bucovina.

At Vichy, France, Raphael Albert, minister of justice, announced that the new Supreme Court of Justice will meet August 8 at Riom, about 25 miles southwest of Vichy, to begin the trials of men charged with crimes against the nation.

Willie remarked to reporters that new census figures had demonstrated that Washington, D. C., was a "boom town." While many cities lost population during the last decade, the nominee said, Washington gained.

The nominee made public a telegram from Representative Robert G. Allen (D-Penn.), a third-term opponent, pledging Willie "full support."

Adequate Defense Requisite

get final action in a month. He added that the legislation would clear up the important question of amortization which the manufacturers were interested in.

Declaring he had abandoned long ago the practice of sending up what he called ready-made bills to be rushed through congress, Mr. Roosevelt added that he was leaving to the legislature the age brackets for registrants under a compulsory training law.

The simple fact is, he continued, that the lessons of the present war show defense means total defense. Under modern circumstances, he continued, that means a lot of new machinery and equipment which the nation hasn't got but is beginning to get.

He said that William S. Knudsen, in charge of defense plans for industrial production, told him the other day that a lot of companies were proceeding with \$1,800,000,000 worth of orders for all kinds of material and machinery without waiting for actual contracts.

The United States, he declared, had learned from the present war that nations without trained man power were in a bad way.

Proposals to delay congressional action on conscription pending a drive for voluntary one-year enlistments in the army gained new adherents in the Senate today.

With the military committee considering an amendment to limit to 1,000,000 the number of men who might be drafted under new Burke-Wadsworth compulsory service bill, some members said it was unlikely that any agreement could be reached until late next week.

In the meantime, several senators were preparing one-year enlistment amendments to existing legislation so as to empower the president to call the National Guard and Reserve Officers into active training.

been used in the Riegelsville hold-up in which \$8,000 was taken.

Pennsylvania license plates which police found concealed inside the car revealed it as one stolen in Philadelphia June 25, two days before the Riegelsville holdup, Wallis said.

Col. Mark O. Kimberling, state police superintendent, expressing conviction the same men participated in both robberies, said "tentative identification" of the bandits had been made. More than this he would not say.

The car was found on an improvised parking lot between Bound Brook and Somerville yesterday morning. Wallis said it apparently had stood there unnoticed since the night of the Asbury Park robbery.

was head of the French embassy in London as charge d'affaires when he closed it July 19, arrived here last night after a 13-day trip with the members of such missions to England as the British government would permit to leave.

French consular officials also remained in England. Diplomatic relations between Britain and France were broken off early in July after British attacks on parts of the French fleet.

In an interview published today Minister of the Interior Adrien Marquet declared the French defeat by Germany was "the result of the entire political, administrative, economic, military and social system, undermined for a long time by 'impotence'."

"Institutions and men are accountable before the nation," he said. "The men will be judged in all equity without cruelty but without feebleness. The institutions will, little by little, be rebuilt and adapted to the new conditions of French and European life."

TIDAL WAVE CAUSES CONSIDERABLE DAMAGE

Tokyo, Aug. 2.—(P)—Ten persons were drowned, two small shipbuilding yards were destroyed and hundreds of fishing boats washed away today when a tidal wave following an earthquake swept the western coast of Hokkaido, northern island of Japan.

Reuters' British news agency reported that 1,300 fishing boats were washed away and that the earthquake was strongly felt at Sapporo and other points in Hokkaido at 12:08 a. m. (10:08 a. m. Thursday, E. S. T.).

Flynn to Take Chairmanship on August 17

(From Page One)
The cabinet place frequently goes to the national committee head, but there was no indication that Flynn would get it.

Mr. Roosevelt told a press conference today that no date had been selected for Farley to leave the cabinet. He also said he had not the faintest idea about what the campaign set-up would be.

As state chairman for New York, a post which he will retain, Farley will be on hand to consult with Flynn even after he quits the national political scene.

Frank C. Walker, New York business man and a native of Scranton, Pa., who was said to have turned down the job, was being talked of as a possible treasurer of the committee, a post he held in 1933.

SIX KILLED IN CRASH AT A GRADE CROSSING

Canaan, N. H., Aug. 2.—(P)—Six men were killed today when a truck, owned by the Melvin F. Burgess Contracting Company of Baltimore, Md., and a Boston and Maine train collided at a grade crossing in West Canaan.

Officials of the company here said they believed one of the men was Robert Bolick, of West Jefferson, N. C., and another, Waldo Beards, of Hillsboro, N. H., the driver of the truck. The other four were not identified immediately.

Two of the bodies were found on the cowcatcher of the locomotive, which traveled approximately 1,000 feet after the crash. Other bodies were strewn along the right-of-way.

GOVERNOR RETURNING
Harrisburg, Aug. 2.—(P)—Governor James' office said today the executive vacationing in Canada, expects to return to his summer home at Harvey's Lake, Luzerne county, over the weekend, and will be in his office here Monday.

James left a week ago on an automobile trip with his long-time friend, Judge E. Foster Heiler of the Luzerne county orphans court, for some fishing in Canada.

The United States has but one native antelope, but 40 kinds have been exhibited in the New York zoo.

FISH IN CREEK AT SHEFFIELD ARE DESTROYED

Sheffield, Aug. 1. Widespread destruction of fish life in Thomasia creek from Sheffield south for several miles, over the stream, was caused the past two or three days. Hundreds of dead bass and other species, including turtles, were washed up on the banks of the stream.

Depletion of the stream, with foaming liquid from the vast... of the old Instantaneous factory here, which is being dismantled, allegedly was the cause of death of the fish.

County Fish Warden R. C. Bailey, of Youngsville, was here yesterday morning to investigate the matter. He immediately ordered the Souders and Salvage Company, of Jamestown, the firm which is wrecking the factory, to desist from pumping the destructive foaming liquid into the stream and is holding the firm responsible for the killing of the fish. It is reported.

The warden several days ago warned the Souders and Salvage Company against dumping the liquid into the stream or its tributary. Two Mile creek, and it is expected that the company will be fined as a result of having done so, according to reports.

MINISTER SPEAKS
The Rev. Bruce Wright, pastor of the First Methodist church, Erie, was the guest speaker at this week's meeting of the Rotary Club, held Tuesday noon in the Hotel of Hall. His subject was "What's in a Name?"

C. H. Whitaker, president, was in charge of the meeting at which William Gallagher, manager of the glass bottle factory, was admitted as a new member.

Major Flynn, Salvation Army officer of Warren, was also a guest at the luncheon.

DEPT. CALLED OUT
The fire department was called to the Alice Green-Clark Blue home on Bull Hill above Mill street, about 12:30 a. m. Wednesday. The contents of a waste basket had been set afire, allegedly.

Cole Hill
Cole Hill, July 29. Mr. and Mrs. Earl Eastman and son, Leonard of Kane were Sunday guests here at the home of his parents, Mr. and Mrs. Glenn Eastman.

Casper Zinger of North Warren was here Tuesday on business.

Mr. and Mrs. Frank Martin of Youngsville and son and wife, Mr. and Mrs. William Martin and son, Bobby, of Wilmington, Delaware, were Sunday guests here at the home of Frank Camp and family.

They afterwards went to Kaitburg, where they visited their son and brother, Carl Martin and family.

Miss Doris Ruth Covell celebrated her birthday anniversary Tuesday evening, July 23rd at her home on Ross Hill. About 65 or 70 friends and relatives from nearby places came to help her celebrate.

Among the out of town guests were her aunt, Mrs. Helen Martin Wolf and two daughters, Janet Ruth and Lois Emma of Washington, Pa.

She received some nice birthday gifts.

The evening was spent playing games and delicious luncheon was served late in the day but the rattlesnake crawled down through the load of hay

and through the hay rack to the ground where Mr. Rulander found it and killed it. The rattlesnake was a yellow diamond in color and measured over four feet long and carried eight rattles.

Miss Mary Bednar, who is working in Warren, celebrated her birthday anniversary at her home here Thursday evening, July 25th.

A birthday supper was served including a beautiful birthday cake baked by her sister Pauline. She received some nice birthday gifts.

Sunday guests at the home of Frank Camp were: Mr. and Mrs. Wilbur Camp and daughter, Virginia, Nina and Judith, Clymer; Mrs. Vera Camp Seaton, Mr. and Mrs. Frank Burt and children, Harry and Julia Ann, Sharpville, Pa.; Mrs. Helen Martin Wolf and daughters, Janet Ruth and Lois Emma, Washington, Pa.

Mr. and Mrs. H. C. Wesley of

Youngsville were visitors here this morning.

The farmers here are busy reaping their wheat and report a fine crop.

Some of the farmers here are still doing their haying and stacking their hay for want of room in their barns.

FISH IN CREEK AT SHEFFIELD ARE DESTROYED

Sheffield, Aug. 1—Widespread destruction of fish life in Tionesta creek from Sheffield south for several miles down the stream was caused the past two or three days. Hundreds of dead bass and other species, including turtles, were washed up on the banks of the stream.

the old Instant tannery here which is being dismantled, allegedly was the cause of death of the fish.

County Fish Warden R. C. Bailey, of Youngsville, was here yesterday morning to investigate the matter. He immediately ordered the Surplus and Salvage Company, of Jamestown, the firm which is wrecking the tannery, to desist from pumping the destructive tanning liquor into the stream and is holding the firm responsible for the killing of the fish, it is reported.

The warden several days ago warned the wrecking company against running the liquor into the stream or its tributary, Two Mile creek, and it is expected that the company will be fined as a result of having done so, according to reports.

MINISTER SPEAKS
The Rev. Bruce Wright, pastor of the First Methodist church, Erie, was the guest speaker at this week's meeting of the Rotary Club, held Tuesday noon in Cedar-of Hall. His subject was: "What's in a Name".

C. H. Whittaker, president, was in charge of the meeting, at which William Gallagher, manager of the glass bottle factory, was admitted as a new member.

Major Flynn, Salvation Army officer of Warren, was also a guest at the luncheon.

DEPT. CALLED OUT
The fire department was called to the Alice Green-Clark Bloss home on Bull Hill above Mill street, about 12:30 a. m. Wednesday. The contents of a waste basket had been set afire, allegedly

from the ash content of a pipe which Mr. Bloss had emptied into the receptacle. Some clothing on top of a trunk near the basket was destroyed in the blaze but loss otherwise was negligible.

Mr. and Mrs. Frank Martin of Youngsville and son and wife, Mr. and Mrs. William Martin and son, Bobby, of Wilmington, Delaware, were Sunday guests here at the home of Frank Camp and family.

They afterwards went to Wattsburg, where they visited their son and brother, Carl Martin and family.

Miss Doris Ruth Covell celebrated her birthday anniversary Tuesday evening, July 23rd at her home on Ross Hill. About 65 or 70 friends and relatives from nearby places came to help her celebrate. Among the out of town guests were her aunt, Mrs. Helen Martin Wolf and two daughters, Janet Ruth and Lois Emma of Washington, Pa. She received some nice birthday gifts.

The evening was spent playing games and delicious luncheon was served late in the evening, including several beautiful birthday cakes. The guests returned home at a late hour wishing Miss Doris many more happy birthdays.

Mrs. Estella Camp, a former resident of this place but now of Pittsfield underwent a minor operation at the Warren General Hospital Wednesday. Her two daughters, Mrs. Mabel Smith of North East and Mrs. Hazel Johnson of Pittsfield were with her for the operation.

Fred Rulander and young son of Davy Hill while hauling in hay, Wednesday on their farm there had a thrilling experience. The boy was on the load when Mr. Rulander pitched on a forkful of hay that contained a large rattlesnake. It began to rattle, and the boy jumped off the load, but was not hurt.

Mr. Rulander began pitching off the hay but the rattlesnake crawled down through the load of hay

and through the hay rack to the ground where Mr. Rulander found it and killed it. The rattlesnake was a yellow diamond in color and measured over four feet long and carried eight rattles.

Miss Mary Bednar, who is working in Warren, celebrated her birthday anniversary at her home here Thursday evening, July 25th. A birthday supper was served including a beautiful birthday cake baked by her sister Pauline. She received some nice birthday gifts.

Sunday guests at the home of Frank Camp were: Mr. and Mrs. Wilbur Camp and daughter, Virginia, Nina and Judith, Clymer; Mrs. Vera Camp Seaton, Mr. and Mrs. Frank Burt and children Harry and Julia Ann, Sharpville, Pa.; Mrs. Helen Martin Wolf and daughters, Janet Ruth and Lois Emma, Washington, Pa.
